About Us

Brand BHARAT PHOTON has carved out a unique position in the market with our high-end collection of bathroom hygiene sensors and related items. Our Automatic Urinal Flusher and Automatic Sensor Faucet are currently in use across Indian restrooms, under the prestigious brands for which we have been the exclusive supplier of sensor products for many years. From the start, we've been dedicated to producing and distributing products related to hygiene and automation in the bathroom sector. Our product line encompasses Sensor Taps, Urinal Sensors, Hand Dryers, Soap Dispensers, Paper Dispensers, Water Level Controllers, and our premium selection of bathroom hygiene sensors and accessories.

BPE Innovations Pvt. Ltd., based in Ghaziabad, Uttar Pradesh, India, is a reputed Manufacturer, Exporter, and Supplier of high-quality hygiene and automation solutions. With a strong focus on innovation and reliability, the company offers a wide range of products, including advanced Jet Hand Dryers, Control Units for Sensor Taps, efficient Shoe Shiner Machines, and Hot & Cold Mixture Sensor Faucets. One of their flagship offerings is the Urinal Sensor BP-U242L, known for its sleek Mirror Chrome finish and durable performance. BPE Innovations combines cutting-edge technology with user-friendly designs to serve commercial, industrial, and hospitality sectors across India and overseas. Their commitment to quality and customer satisfaction positions them as a trusted name in smart sanitary solutions.
