Respected Sir / Ma'am,

Subject: Sanitizing Booth & Tunnel

During the Covid -19 pandemic , it is highly essential to maintain good hygiene at all times ,especially where there are chances for crowd gathering at essential services facilities.

Considering these situation we TSM designed a economical walk through Sanitizing Tunnel & Sanitizing booth which will be able to reduce the microbial load on any surface ,object, humans which go through this tunnel & booth with proper sanitizing .This system will only takes few seconds to spray mist on person walks through that and at same time person can get sanitize with that mist.

NOTE: IMAGES SHOWN ABOVE ARE TENTATIVE NOT FINAL DESIGN
