

COMPLETION OF VAMSI LABS 30KLPD PLANT

KEP Engineering Services Private Limited has successfully completed 30 KLPD plant in **VAMSI LABS LTD** it is located in Solapur, Maharashtra. It is one of the major manufacturers of Active Pharmaceutical Ingredients (API's) in India. We have supplied Stripper Column, Triple Effect Evaporator and Agitated Thin Film Dryer. For the successful commissioning we appreciate Mr.Harish Kumar for his efforts.

KEP Engineering has expanded workshop as three units in Qutbullapur, Jeedimetla Industrial Area. This is threefold growth to the company by expanding three units to fulfill the present work load. It is one of the most important aspects of expanding workshop to develop the business. We have good infrastructure to complete projects within given time to make client satisfaction.
