

Participated in WATER TODAY'S Water Expo 2018

We have participated in 12th Edition of **Water Today's WATER EXPO 2018** that is scheduled on 8th, 9th & 10th February at the Chennai Trade Centre, India. This Largest & Premium Annual International Water Expo cum Conference is the biggest gathering of all water experts in the entire South Asia.

It was a three day exhibition providing exposure and connecting people from various segments which provide clear information for business. With the special focus on water & wastewater sector, the event will focus on Clean Water Supply to Rural Areas, Desalination, Drinking Water, Process Water, Wastewater, ZLD etc.

WATER EXPO 2018 unveils an excellent opportunity to trade, debate, connect strategies and innovate with the leaders who shape the South Asian water market. Be a part of this event and get a first-hand look at diverse technologies and solutions presented by a myriad of experts. This will lead us further development of industry. It is good platform to expose our product to national and international level .In this participation we received good response.

KEP Engineering stall at Water Today's WATER EXPO 2018

N.Vidya Vaibhavi Explaining the manufacturing of products to Bang Goo Kim Advisor of Jain technology, Korea.

Dinesh Achari is coordinating with the visitor's.

JET CLEANING OF EVAPORATOR

KEP Engineering Services Pvt.Ltd involves in the business of Evaporator with ATFD's by providing excellent system with optimum operating cost, at competitive price.

KEP strive to serve for 100% client satisfaction by deputy qualified engineering. To make healthy relations between client and KEP; we have initiated service for High Pressure JET cleaning.

High pressure JET cleaning is installed on mobile vehicle and transport to client place to provide the services for Heat Exchanger cleaning.

High Pressure JET PUMP

MR.O.Mohan Rao belongs to Shrikakulam. His education qualification is Intermediate from Andhra Pradesh. He is very simple and hardworking. We at KEP, discovered him for Fitter job from the punch of applications. With his simplicity and hard work he had proven that “He is made as ordinary person to complete extraordinary jobs”. KEP, thanks for his hardworking and honesty towards an organization. He has good knowledge in manufacturing and trouble shooting.

Team KEP simply explain about him as

**“Talent means nothing, while experience, acquired in humility
and with hard work, means everything,”**

With Best Regards,
N.Vidya Vaibhavi
