About Us

We all are aware of the fact that nothing can be achieved overnight. Hard work is the key to success. Believing in the same, we, Aquadax South Asia Private Limited (OPC), put in all our efforts to excel as a manufacturer of Flow Meter, Iron Analyzer, Water Level Meter and more. We also understand how imperative it is to thrive in this competitive business segment. Therefore, we not only work hard, but sometimes work smart to get the things done. However, in doing so, we neither compromise on our business ethics nor on the quality of our products. By remaining true to our nature of business, to our customers and other business partners, we have been making it big in the market.

To reach wider audience, we expand our business activities as an exporter of aforesaid and other equipment including Data Logger, Digital PH Sensor, Dax Digital Controller, of unmatched quality. We have strong ties with many reputed names within and outside the domestic boundaries including Africa, Europe, Saint Lucia and South Asia.
