About Us

A 14 year old establishment, we, AMBICA BOILER PVT. LTD., are renowned as one of the most prominent dealers of highly advanced and efficient Boilers and other industrial equipment. Working as a Manufacturer and Exporter in the domain, we are designing and developing an absolutely flawless variety of Thermic Fluid Heater, Smoke Tube Package, Solid Fuel Fired and many more. These energy efficient solutions are preferred by our customers over other alternative available in the market because of their exceptional design & dimensional accuracy, tensile strength and unbeatable operational efficiency. The negligible maintenance cost and highly durable service life of our range has also made them number one choice in the market. Owing to these unique features, our range is extensively used with trust in different industries including Food, Chemical, Textile, Oil Refineries and various more. Our aim is to constantly satisfy the diverse demands of our clientele and provide absolute gratification to them. In the coming future, we plan to surpass all our competitors in the market by constantly diversifying and improving our range in accordance with the varying demands of our clients.

We, AMBICA BOILER PVT. LTD., are a quality driven organization based out in Ahmedabad, Gujarat (India), specialize in designing and crafting high grade Boilers, heaters and other industrial machinery. Our company is popular in the market for our innovative designs and robust machines. In addition to this, we are also acclaimed by our customer base because of our affordable pricing schemes and client centric policies. Our exceptional customer support has also contributed to our constant growth in the vertical. We are aspired to succeed more in this sector more by consistently introducing innovative and better industrial solutions for our patrons. In the future years, we plan to expand our business outside country and acquire a significant market share in the international markets.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	industrial pressure vessels, industrial pressure vessels, thermic fluid heater boiler, multi fuel boiler, fluidized bed boiler, oil fired boiler, ibr steam boilers, wood fire boiler, water tube boiler, semi automatic boiler
No of Staff	30
Year of Establishment	2003
OEM Service Provided	Yes
Product Range	industrial pressure vessels, industrial pressure vessels, thermic fluid heater boiler, multi fuel boiler, fluidized bed boiler, oil fired boiler, ibr steam boilers, wood fire boiler, water tube boiler, semi automatic boiler

Our Products

Shell And Tube Heat Exchanger

Bag Filter

RICE HUSK FIRED STEAM BOILER

Husk Fired Boiler

Oil Fired Steam Boiler

Oil Fired Boiler

Vertical Thermic Fluid Heater

Horizontal Thermic Fluid Heater

Wood Fired Boiler

Industrial Steam Boiler

Reverse Flow Steam Boiler

Package Boiler
