About Us

We, Pingaksh Life Science Private Limited, are a compassionate team of experts serving the animal healthcare industry since 2017. Keeping ourselves attuned to the modern needs of veterinary care and support, and implementing cutting-edge manufacturing technologies, we work as a reliable manufacturer and supplier of Poultry Feed Supplements, Animal Supplements, Veterinary Injections, Veterinary Bolus, Animal Antibiotic Injections and other products.

We make sure that animal lovers and caregivers from across the Indian market have ready access to advanced healthcare support through our expertise in the field. We are growing with our determination to improve the standards in veterinary care. Our state-of-the-art factory where we produce veterinary goods in bulk houses some of the latest machinery and equipment in the country. If you are a business owner dealing in medical supplies, are an emergency vet or vet nurse, or simply an animal lover, we are sure that you would find some exciting product deals at Pingaksh Life Science Private Limited.
