

# FUEL LEVEL SENSOR

Manufacturer, Trader And Supplier

0-5V Pressure Transducer And 0-10V Pressure Transducer, Absolute Pressure Sensor, Dewcom Dewpoint Transmitter, Fuel Level Sensor, High Line Differential Pressure Transducer, Hydrogen Pressure Sensor And Transducer, Intrinsically Safe Low Pressure Transmitter, Intrinsically Safe Pressure Sensors, Intrinsically Safe Pressure Transmitters, Low Pressure Non Incendive Pressure Sensor, etc.

**INTRINSICALLY SAFE LOW  
PRESSURE TRANSMITTER**

**PROOF PRESSURE TRANSMITTERS**

**INTRINSICALLY SAFE PRESSURE  
SENSORS**

## About Us

ACT Sensors Private Limited is a reputed manufacturer, trader, and supplier of high-end and efficient non-incendive pressure transmitters, pressure transducers, differential pressure transducers, family pressure transducers, hydrostatic submersible liquid level sensors, dewpoint transmitters, etc. We have become "Your Reliable Business Partner" by offering innovation and quality. Founded in 2015, we have attained expertise in the development of quality products for different applications. We provide semi-custom or custom solutions for special customer needs.

High performance with quality is ensured at the company. Our commitment to perfection has led the company to attain huge success in the market. Through innovations and customer satisfaction, we have been creating unmatched quality products for varied needs and sectors.

ACT Sensors Private Limited is a reputed Manufacturer, Trader and Supplier of high-end and efficient Non-Incendive Pressure Transmitters, Pressure Transducers, Differential Pressure Transducers, Family Pressure Transducers, Hydrostatic Submersible Liquid Level Sensors, Dewpoint Transmitter, etc.

## Key Facts

<b>No of Staff</b>	10
<b>Year of Establishment</b>	2015
<b>OEM Service Provided</b>	No

## Our Products

**Spring Loaded DC LVDT Position Sensors**

**Fuel Level Sensor**

**Dewcom Dewpoint Transmitter**

**Submersible Pressure Transducer**

**Solid State Pressure Switch**

**Precision Pressure Transducers**

**Intrinsically Safe Pressure Sensors**

**Intrinsically Safe Pressure Transmitters**

**Submersible Pressure Transmitter**

**Wet Differential Pressure Transducers**

**Precision Pressure Temperature**

**0-5V Pressure Transducer And 0-10V**

**Low Pressure Non Incendive Pressure**

**Hydrogen Pressure Sensor And Transducer**

**High Line Differential Pressure Transducer**

**Absolute Pressure Sensor**

ADDRESS

Unit NO.28 and 29, G N P Galaxy,  
Kansai Ambernath Industrial  
Area, Kalyan Badlapur Road,  
Ambernath, Maharashtra, India  
(421501).
