COMPANY PROFILE

A BRIEF INTRODUCTION

From the desk of Managing Director:

Greetings of the day!

It is my great pleasure to introduce ourselves as one of the leading manufacturers & exporters of various type of Polyester/ PP/ Acrylic fiber products viz. Carpets, Quilts, Pillows, Cushions & many more.

As per my philosophy, I believe in mutual growth & highly focused on customer. Above all, we nurture our employees & make them competitive & to be the best in industry. We always encourage & welcome innovative ideas & believe in continual improvements.

I also believe that to support the customer, we all have to work together towards cost reductions, VA & VE. These are the key factors for rapid growth & mutual benefit.

Our main focus is on customer delight & I guarantee you that we will prove the same beyond the expectations.

Once again, on behalf of Rajdhani Family , I thank you for giving us your most valuable time. In anticipation of long business relationship & mutual benefit, truly yours,

- B. P. Singh

OUR VISION

INFRASTRUCTURE

- PLANT AREA - 14000 Square ft. x 4 floors
- NEEDLE PUNCHING UNIT up to 4.5 Mtr. - 2 Nos.
- LATEX BACKING – 1 Nos. - 4 meter width
- CALENDARING MACHINE 2.40 Mtr. – 1 No.
- STITCHING MACHINES – 10 Nos.
- OVER LOCKING MACHINES- 4 Nos.
- CUTTING MACHINES – 6 Nos.
- CPRESSES – 3 Nos.
- CUTTING TABLES- 4 Nos.
- GENERATOR 300 KVA – 1NO.
- GENERATOR 85 KVA – 1 NO.
- COMPRESSORS – 1 NO.
- DELIVERY TRUCKS- 2 NOS, MEDIUM SIZE, CLOSED BODY

PRODUCT RANGE

Auto Interior Segment:- Insulations :100 TO 850 GSM

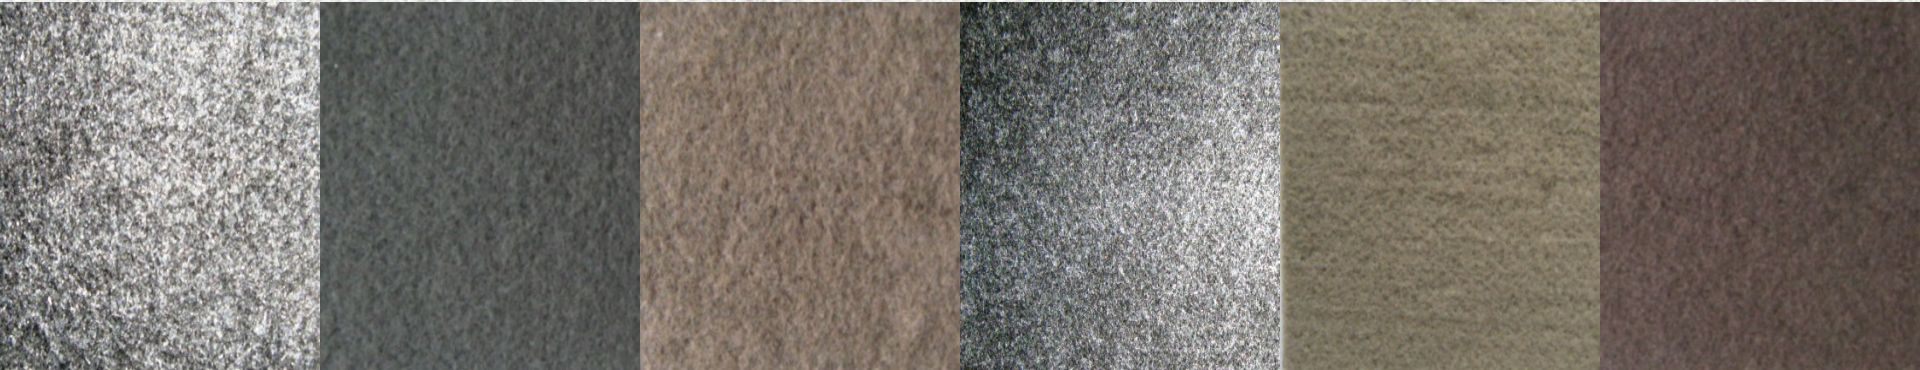

- CARPETS / FABRICS IN ROLL FORM
- ENGINE SIDE INSULATIONS- ROLL/ DIE CUT
- SIDE TRIMS- DIE CUT / CUT TO SIZE
- AUTO MATS- DIE CUT/ CUT TO SIZE
- BONNET INSULATIONS- DIE CUT/ CUT TO SIZE
- SEAT BACK FABRIC
- DOOR TRIM & ARM REST FABRIC
- DICKY CARPETS
- CHEMICALLY BONDED OR W/O BOND/ LATEXED
- PVC/ PE / EVA COATING- SCATTERED OR LAMINATION
- FELT / JUTE / HDPE BACKING
- NON WOVEN Composites FOR AUTOMOBILE Seating/ Backings/ Arm rests.

PRODUCT RANGE

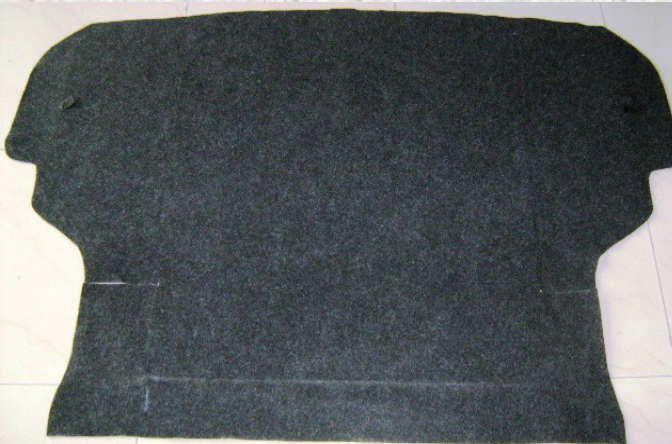

- Auto & Domestic segment: **FILTRATION 100 – 450 GSM**
- Filter Cloth – non woven- Auto Filters & water purification systems.
- Thick Fabric for fuel filtration
- Filter fabric for Air Conditioners

- **Specialty Products**
- Composites for PEB's
- Fabric/ Composites for acoustic Insulation/ heat insulation
- Geo textile for Road Making/ Construction Industries.

FEW OF OUR PRODUCTS

AUTOMOTIVE:

CARPET & SEAT BACK FABRICS

ENGINE INSULATIONS & DIE CUT PARTS

.....& MANY MORE

MAJOR TESTING EQUIPMENTS

- TENSILE / ELONGATION / TEARING STRENGTH : Digital Tensile Strength Tester, 500Kgf with S Type Load Cell, Least Count - 0.1Kgf
- BURSTING STRENGTH TESTER: Bursting Strength Tester (Analogue)
Bursting Capacity: 35 Kg.
- FLAMMABILITY TESTING – Digital Flammability Tester, Horizontal, Fully Stainless Steel Body, With Digital Timer, LPG Fired.
- THICKNESS TESTING- Vernier & Thickness Gauges.
- COLOR MATCHING - Color Matching Cabinet with Hour Meter & Light Sources of Philips Tube lights- D65 – 2 Nos., TL 84 – 2 Nos., CWF – 2 Nos. Ultra violet – 1 No., Tungsten Filament Light – 4 Nos.
- GSM Round Cutter, Diameter of Specimen : 113 mm, Area : 100 cm².
- Hot Air Oven (18"x18"x18")-
- Stiffness Tester

TESTING OF FABRIC

- TENSILE TESTING – IN HOUSE
- ELONGATION TESTING – IN HOUSE
- TEARING STRENGTH – IN HOUSE
- BURSTING STRENGTH – IN HOUSE
- FLAMMABILITY TESTING – IN HOUSE
- THICKNESS TESTING- IN HOUSE
- ABRASION TESTING - AT NITRA / SGS
- SOUND ABSORPTION TEST - AT NITRA / SGS
- COLOR MATCHING - - IN HOUSE (USUALLY WE BUY PRE-DYED FIBER)
- POROCITY TESTING – AT SGS / SHRI RAM TEST HOUSE
- Any other testing can be provided on demand OR Can be tested as per customer s' requirements.

GENERAL INFORMATION

Customers :

DOMESTIC: In a short span of period, we have been able to capture T1 & T2 supplier position to following customers' & their products are under development:

- MAYUR INDS. LTD. ,AUTONEUM, INGRESS MAYUR , SELLOWRAP.
