About Us

We are working as exporter of **Areca Leaf Plates, Areca Leaf Bowls & Areca Leaf Trays**. This way, we are able to serve in international markets, with extreme perfection. We have many future goals to achieve for which, we are working with the highly-reliable work ethics and progressive business approach. We are a dynamic company with high quality products. Our major goal is to meet the needs of households, restaurants, etc. The plates, bowls and trays are sourced from noteworthy vendors of the markets. Our range of tableware gives end users the option of eating meal or snacks, away from home such as during a picnic. Further, these plates and bowls are useful in small gathering at homes. There are many restaurants and eatery joints that deliver food in these areca plates and trays. All the biodegradable items are very convenient to carry and use.

Our Team- Our Strength

As, we are growing successfully in the industry with the range of our **Areca Leaf Plates, Areca Leaf Bowls & Areca Leaf Trays**, the secret behind our impressive growth rate is our team. Our productivity, consistency and punctuality are results of our teamwork and this is why our team is our strength. Some of the highlights about our team are given below: -

- ✿ Our team has effectively communicates with clients and business associates.
- ✿ Team works with progressive business approach towards completing business tasks.
- ✿ Each team member knows how to work collaboratively to improve teamwork.
- ✿ Team members keep customers updated about delivery status of offered line.

Our Shipment Network

In order to serve markets with our qualitative range of Areca Leaf Plates, Bowls & Trays on-time, we have made our shipment network strong. Our warehouse facility resides near the major routes which brings us convenience in delivering the products. This way, we have easy access to air freight, sea freight as well as local routes. Distance is never considered a hurdle by us in fulfilling our commitment of doing delivery of products on time. With the support of strong logistics, we deliver the consignments to customers who are residing in near and far locations, on time. This helps us to maintain healthy relations with customers.
