About Us

With technological expertise, ethical business policies, cost down production techniques and prompt delivery, we, "Century Rubber and Cables Industries", have carved a valuable niche in the global market. Established in the year 2000, we have grown considerably and established ourselves as an authentic manufacturer and exporter of Elastomeric Rubber Cables, Silicon Rubber Cables, Welding Cables, Thermocouple/Compensating Rubber Cables, Co-Axial Cables, Tough Rubber Sheets (TRS) and Rubber Moulded/Extruded Sleeve Section. We assure our clients of excellent after sales services, personal attention and continued business support at all the levels. All our products are manufactured in environment friendly conditions and adhere to international norms. We owe our success to the untiring efforts of our workforce who take all the pains to ensure delivery of superior quality products on-time. Today, we are exporting our products to almost every part of the world centered around Kuwait and other Middle East countries.

Being an ISO certified company, we nurture quality at all the levels of the business. We have adopted several quality control procedures of national and international standards. Each and every product manufactured by us passes through the vigilant eyes of our quality control inspectors. We also take special care in the procurement of the raw material sourced from well established suppliers and distributors having several years of industrial experience.

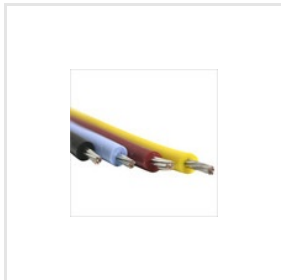

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	silicon rubber cables
No of Staff	15
Year of Establishment	2000
OEM Service Provided	No
ProductRange	silicon rubber cables

Our Products

Electro Medical Equipment Cable

Silicone Rubber Cables

Locomotive Cables

Fire Survival Cables

High Voltage Cables

Steel Plant Cables

High Temperature Resistance Cables

Insulated Cables

Electric Cable

Low Smoke Halogen Free Cable

Silicone Ignition Cable

Instrumentation Cables

Welding Cables

Insulated Wire

Electro Medical Equipment Cables

Elastomeric Cables
