COMMITED TO THE FUTURE.
COMMITED TO OUR CLIENTS.

Creationsprints is redefining the applications of photography and graphics to create durable modern images on glass, metal, wood, sun-board, MDF, tiles and acrylic that lasts a lifetime. Turning your photos or graphic designs into digital art has never been easier. We dare to impress and surround you with sophisticated digital prints on any media you chose (Glass, Tiles, Acrylic). We offer truly flexible services to our clients as we individually customize all our products to fit in with your ideas and requirements without any hassle.

CREATIONS PRINTS

Direct to media printing is exactly that:

We print your image directly to a substrate of your choice. Be it Glass, Acrylic, Mirror, aluminium, leather, canvas, wood, etc...

Benefits of digital printing process include:

Large format printing up to 5ft x 12ft
Can print solid materials up to a thickness of 50 mm
Longer sizes are possible on flexible material which are in roll format.
UV inks with minimum 5 years archival quality
Durability and water resistant
Can be hung outside for exterior displays also.
Ideal for installations, bespoke interiors and exhibitions.

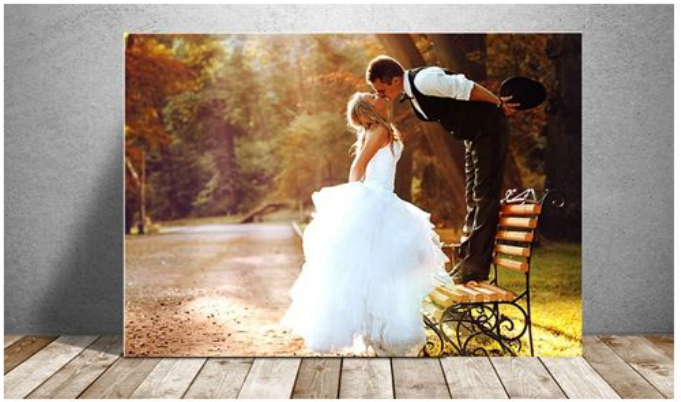
CREATIONS PRINTS

SERVICES WE OFFER TO OUR CLIENTS.

Creationsprints Decor is a UV printing studio specializing in printing on unconventional materials for interior decorations, arts and advertising.

Printing of high quality images directlt on glass, acrylic, wood, MDF, metals, fabric like canvas and leatherites. We are known for beautiful, comfortable and healthy interiors that stand the test of time and that perfectly reflects each clients demand.

We offer massive opprtunities for indoor, outdoor and graphic applications extending visual communications.



Before printing was discovered
a century was equal to a thousand years.

CREATIONSPRINTS GIVE NEW LIFE TO YOUR

PRINTING ON GLASS

We offer to create an impressive glass display piece from your digital graphic or photographs!!!

Our digital printing process here at Creationsprints we produce durable and easy to clean glass pieces that do not fade over time (guaranteed not to fade over 15 years if installed indoors and 5 years for exteriors/outdoors with direct exposure to sunlight and heavy rainfalls).

Creationsprints allow you to capture and print any image, graphic or pattern on glass. We can create a customized design for your kitchen, feature wall or wardrobe doors and more. We also have a wide range of designer glasses and decorative mirrors which are used to enhance the interiors of your home.

We also have latest digital and screen printing technology that helps us in manufacturing printed toughened glasses for various industrial sectors like home appliances, automobiles etc.

PRINTING ON METAL

Premium Quality Photos on Eye-Catching Metal

For a stunning piece of artwork like you've never seen before, try printing your photo on aluminum. Because we print directly on metal, your photos will take on a brilliant sheen that traditional paper printing or canvas prints are unable to deliver. The metal flashes through to create a distinct look that will catch your eye from every angle.

Innovative and Built to Last

In addition to their attention-grabbing look, Creationsprints Metal Prints are lightweight and extremely rigid. Our UV-stable inks create a finished product that is highly fade-resistant which is ideal for hanging both indoors and outdoors. Metal Prints are also fantastic if you want to create eye-popping signage, advertisements, resentations, and more.

A Flash of Brilliance

If you are really looking to turn heads, printing your photos on aluminum is definitely the way to go. With shimmering colours and the flash of raw metal, you are certain to get the modern, bold effect that you desire.

APPLICATIONS:

- Home Appliances
- Automobile spareparts
- Wall Clusters
- Posters
- Signage Industries
- Name Plates
- Industrial products

PRINTING ON WOOD

A Woody Wonder

Wood Prints are loaded with character and are completely unique. In fact, no two prints are alike! The wood's natural warm tones and grain become part of your image, creating a beautiful effect that lends a subtle vintage feel to your photo. The results are spectacular!

Knock on Wood

Every Wood Print starts from a perfectly sanded sheet of birch wood. We then print your photo directly onto the surface of the wood with our special UV inks. The inks permeate the first layer of wood ply, making it resistant to scratching and chipping. The result is a smooth matte finish that gives off a genuine wood feel. The beautiful nine-layered hardwood edges are left natural, providing a uniquely artisan look.

APPLICATIONS:

- Furniture
- Featured Walls
- Table tops
- Wardrobes
- Photo Blocks
- Wall Clusters
- Kitchen Shutters

CREATIONS PRINTS

Various other materials that we print on..

Ceramic Tiles - can be printed individually or in-sections using one large image. You may use any commercially available adhesive and un-sanded grout for ceramic tiles. Tiles can be cleaned with a non-abrasive household cleaner and a soft cloth or sponge.

Leather Printing - we have options for printing on an array of surfaces, with the help of latest technology. Leather printing is in demand for printing garments like jackets, accessories like belts, purses, wallets, slings and bags. In recent times there has been a lot of demand for leather articles and accessories. We use state of the art technology to print on any leather surface. We have a dedicated and reliable team which delivers quality products to our valuable customers. Our in-house designers can create various patterns and designs depending upon the requirement of the customers. All our printing equipment is according to the existing standards in the industry. We keep updating our technology with the changing trends.

Canvas Printing - With our custom canvas prints, you can easily turn your very own image into a stunning work of art on canvas. We offer small, medium, and large canvas prints. Whether you want to decorate your home or office, canvas printing wall art can be used everywhere because you create it.

Sun-board Printing and Sunpack printing - We are your best source for Sun-board printing in Delhi. We can print directly on sun board using UV cured inks. Fully Multicolour Half Tone Super Fine printing is available at our unit. Where you spend lot of money and time to print and paste vinyl on sunboards. We are here to offer the better quality with more life with direct print on sunboard.
