About Us

Established in the year 2001, SA Engineering And Fabricators began its journey with bolt manufacturing and zinc plating. With a humble start rooted in quality and precision, the company ventured into the feed machinery market in 2012 with the production of its first small 2 HP Hammer Mill. Since then, the company has evolved into a trusted name in the manufacturing of feed processing equipment, known for its innovative solutions and unwavering commitment to customer satisfaction.

Thanks to consistent investment in research and development, SA Engineering has earned credibility across a wide customer base from small-scale farmers to large commercial units. The company's innovation-driven approach has resulted in two patent applications in hammer mill and mixer technology, reflecting its dedication to continuous improvement and cutting-edge engineering.

Key Facts

No of Staff	26
Year of Establishment	2001
OEM Service Provided	No

Our Products

Sinking Fish Feed Full Screen Hammer Mill

Sinking Fish Feed Pellet Mill Horizontal

Poultry Feed Plant Bucket Elevator

Poultry Feed Plant Full Screen Hammer Mill

Poultry Feed Plant Mixer

Poultry Feed Plant Vertical Pellet Mill

Poultry Feed Plant Counter Flow Cooler

Poultry Feed Plant Crumbler

Poultry Feed Plant Horizontal Pallet Mill

Poultry Feed Plant Seive Machine

Cattle Feed Plant Bucket Elevator

Cattle Feed Plant Half Screen Hammer Mill

Vertical Steam Boiler

Cattle Feed Plant Mixer

Cattle Feed Plant Vertical Pellet Mill

Cattle Feed Plant Counter Flow Cooler
