About Us

In this modern business world, being innovative is not an option but a necessity for bringing forth advanced machinery solutions for ensuring higher production rate. Being a tech-savvy company, Next Solution, operates as a manufacturer, exporter and trader by resourcing the latest technology and manufacturing, sourcing technologically advanced CNC Controller, Three Phase Schneider Servo Motor, G7 Yaskawa AC Drive and allied equipment. Our focus on maintaining excellent customer-company and company-vendor relations is the main reason that we are backed by a large, trusted vendor base and a loyal clientele. Although, it has only been 3 years since we first commenced our business operations, yet have become a renowned name in the market to source a wide variety of electrical engineering products, because we have access to an ample array of brands like Fuji, Yaskawa, Schneider, Panasonic, etc. Their names are sufficient to set high product quality standards for us.

Next Solution brings forth the solutions of the next generation in electrical engineering by providing access to quality-marked G7 Yaskawa AC Drive, CNC Controller, Three Phase Schneider Servo Motor and more at highly competitive prices. We not only manufacture such equipment, but trade and export, too. Some of the products available under our range are manufactured in-house and some are sourced from reliable vendors. We have been functioning for over 3 years now from Rajkot, Gujarat, India while making our presence across the globe via our widespread supply chain network.
