

13AMS43ANSHA Delta VFD, 2 Kva Three Phase Transformer For Servo Drive, 3 Kva Three Phase Transformer For Servo Drive, 4 Kva Three Phase Transformer For Servo Drive, 4.3 Inch Hmi, 5 Kva Three Phase Transformer For Servo Drive, 8 Kva Three Phase Transformer For Servo Drive, AC Servo Motor, Active Harmonic Control Panel, Active Harmonic Filters Panel, BLDC MOTOR CROUZET, Cast Iron Planetary Gearbox, Contact Terminal Block, Control Panel, DG Synchronization Control Panel, etc.

**YASKAWA SERVO MOTOR**

**SCHNEIDER VARIABLE SPEED AC DRIVES**

**VFD037EL43A DELTA AC DRIVE**

## About Us

We, JT Engineering Solutions, are striving to become a premier company in offering electrical automation solutions. Ours is a professionally managed organization, driven by customer oriented approach as well as a committed to total quality. Since the establishment, we have been thriving on R&D activities that lead to innovation resulting in excellent products. With a clear vision to emerge as the leading Manufacturer and Supplier, we are engaged in fabricating Control Panel, Encoders, Scada System, AC Drive, MCB Panel, PLC Panel, Soft Starter, and more. The entire range is acknowledged among the buyers for its trouble free operation, low maintenance cost, high performance, reliability and sturdy design. Our company has immensely progressed under the management of our director, Mr Parvinder Singh. He has been backing our business with his expert vision, deep market knowledge and vast experience. Apart from our quality tested products, we also provide excellent technical support to the customers.

We, JT Engineering Solutions, are New Delhi, India based enterprise offering automation solutions and services to many industries. We very well know the fact that manpower makes a huge difference to business, they can make it or break it. Therefore, we encourage active participation of our team members in our operations. Also, we are committed to improve the quality of life of our manpower through safe and healthy work environment. With their support, we have acquired strong position as a manufacturer. The wide array of products manufactured by us includes PLC, AC Drive, Soft Starter, Servo Motor & Servo Drive, MCC and PCC Panel, and more.

**Key Facts**

<b>No of Staff</b>	8
<b>Year of Establishment</b>	2018
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No
<b>Monthly Production Capacity</b>	25 lakh pcs

**Our Products**

**MCC Control Panels**

**PCC Control Panel**

**VFD Based Control Panel**

**GA700 Yaskawa AC Drive**

**Servo Motor Drives**

**Yaskawa AC Drive**

**Distribution Electric Control Panel**

**PCC Control Panel**

**INVT HMI 7 Inch Colour Display**

**Schneider Logic Controller**

**MCC Panel**

**Control Panel**

**Nidec Control Techniques Vfd**

**J1000 Yaskawa Basic Protected Chassis**

**Schneider AC Drive**

**V1000 Yaskawa AC Drive**
