## About Us

Vishakarma Tool Works is a famous name in the manufacturing, export and supply of premier range of tools and dies. Recognised in 1998, the company has grown and continuously adding values to its already existing setup. All our products are manufactured and supplied by us are acknowledged for their modular construction, consistency and long life. It is the uniqueness and the quality of our products that has helped us in gaining customers base at several parts of the world. We manufacture different types of Tools and Dies, according to the requirement of international buyers. The tools and dies are made in different range of pet mould (From one cavity to 48 cavities) in different weight range of weight and heck (From 19 mm to 120 mm) from single to two stages. In a very short time span, we have expanded its business to be a global player in the tools and dies industry. The company aims to provide only the best products to sustain long lasting relationship with its customers.

Vishwakarma Tools is well equipped with advance testing tools. The company has commissioned a team of quality checking experts who does the final inspection according to the ISO standards. We have two production lines operational under full capacity and can provide the custom made Tools & Dies following the requirements of international buyers. The team at Vishakarma comprises of skilled employees who are proficient in manufacturing tools and dies.
