About Us

Established in 2018, Green Web Technologies is a trusted manufacturer and service provider specializing in innovative LED display solutions. Our product range includes Indoor Digital Standee, Outdoor Advertising Led Display Screen, Led Advertising Video Display, LED Full Color Display, and other advanced digital display systems designed to meet the diverse requirements of our customers across various industries. We are committed to delivering high-quality products that combine reliability, performance, durability, and visual excellence. We continuously strive to understand our customers needs and provide customized solutions that align with their expectations and business objectives. Our focus on quality, customer satisfaction, and technological advancement enables us to deliver products that create impactful visual experiences.

We believe that long-term business relationships are built on trust, integrity, and transparency. Therefore, we follow ethical business practices and maintain transparency in all our business transactions. Our customer-centric approach, commitment to excellence, and dedication to continuous improvement have helped us establish a strong presence in the digital display industry. Our journey of growth and achievement has been supported by the valuable guidance and leadership of our CEO, Mr. Gurpreet Singh Bedi. His vision, continuous support, and strategic direction have played an important role in driving our progress and strengthening our position in the market.
