About Us

For availing a wide range of industrial equipment and solutions, we, Tradetech, are a leading choice. We started working in this domain in 1993 as a supplier, trader, and service provider. Today, we are trusted by many clients, who acknowledge the high quality as well as top performance of our products such as Gulf Bearing and Circulating Oils, Chicago Pneumatic Sump Pumps, Pneumatic Breakers, Atlas Copco Air Dryer Refrigerants, Conical Rotor Brake Motors, Hydraulic JIB Cranes, and others. These are procured from top brands in the industry and are assured of their highest quality.

We are also providing Air Compressor Installation Services, VSD Installation Services, and technical services for Electromechanical Equipment and Spare Parts. These services are provided with the assistance of our team of experts. Our experts are always ready to help clients in finding the best solutions that fulfill their needs and demands. With their support, we are relentlessly pursuing optimal client satisfaction. We not only assure quality in our solutions, but we also deliver the consignments on time. Further, competitive price quotations supported with 24x7 client support enable us to become the favorite choice of patrons.
