## About Us

Since our formation in 2018, SA Engineering Corporations has been consistently growing and secured a position among the most reputable manufacturers of HVLS (High Volume Low Speed) Fans, Geared Fans, PMSM Gearless Fans, Wall Mounted Fans, and Floor Fans. In addition, we provide Industrial Duct Air Coolers, Tent Cooler, Drop Hammer Exhaust Fan, Adjustable Mist Fan, BLDC Industrial Stand Fan, Non Oscillating Pedestal Fan, Regular Golf Kart, Vintage Gold Kart, and many other products. Sold under the brand name, Luft Stromer, our products are renowned for their outstanding value for money and for being incredibly sturdy, dependable, and efficient. At every stage of production, we follow strict quality control standards in our state-of-the-art manufacturing facility.

Our team of professionals understands every need of clients and works to meet the diverse them. We delight customers by providing on-time delivery and outstanding round-the-clock service. We are enthusiastic about Customer Satisfaction, Ownership, and Innovation. We are highly focused to our goal of becoming a global player by creating industry-leading, environmentally friendly products that are based on cutting-edge technology to satisfy the exact demands of global markets.
