About Us

As one of the leading manufacturers and exporters from India, we, PVC Colouring Compounding & Processing offer our clients the best range of products that include Extruded Rigid PVC Profiles, Bottle Grade PVC Compounds, General Purpose PVC Compounds, PVC Blends and many more. We work for creating products that find usage in different sectors such as plastic products making industry, furniture industry and other industrial sectors. Since our humble beginning back in the year 1985, we have relentlessly worked to the position where we stand today by grabbing all the opportunities that have come our way. Our company has become the most preferred choice of our customers for availing a varied range of PVC Compounds. This has also made us achieve an annual turnover of a jaw dropping amount of INR Fifty Crores in this financial year, which is an enough evidence of our strong financial stability in the market.

Under the guidance of our Director, Mr. Girish Perakar, we, PVC Colouring Compounding & Processing are striving to maintain our leading position in the market. With such an excellent market experience, we are looked upon as a symbol of trust and loyalty and this is the reason why our customers give us their repeated orders. With the passion and determination of our employees, our Ahmedabad (Gujarat, India) incorporated business is touching heights of success. Our people continue to make efforts to bring the best range of PVC Colour Compound, PVC Compound For Window, PVC File Clips and more to the table.
