

**PERFECT PACKWELL  
INDUSTRIES**

**Manufacturer of  
PVC Lamination Films**

**Specialized in  
4 micron to 15 micron Films**

*"Perfection is all about fulfilling the expectations"*

## **About Us**

"Perfect" has been in the business of PVC Lamination manufacturing since the year 2004. Having garnered a good name in the field of PVC Lamination, we have always strived to be recognized as a company that provides its clients with exceptional Quality expertise along with assisting the stakeholders in reaching new heights, both professionally and personally. At "Perfect" we have just one simple principle, which is to 'exceed every expectation'. To achieve this sole principle, our team of skilled and experienced professionals works together, day and night.

As a 9001:2015 and 14001:2015 ISO certified company, we have attained specialization in manufacturing 4-micron to 15-micron films, in all sizes.

In this competitive marketplace where business compete for customers, we at "Packwell" see customer satisfaction and long-term relationship building as the key differentiator. Thus, it has become the part of our business strategy.

Once a "Perfect" customer is always a "Perfect" customer. We aim to become the most trustworthy PVC film manufacturer pan India and we have embarked on this journey only due to the trust that our clients have on us. There are a number of manufacturers across the country, but our company has earned a name by the eminence of the high-quality material that we provide to our clients.

### **Mission: -**

To grow continuously as a Qualitative manufacturing unit by surpassing the customer expectation through innovative practices

### **Vision: -**

### **Values: -**

Passion to innovate  
Empirical approach to know customer needs  
Reliable in Qualitative service and commitment  
Futuristic for adopting modern practices  
Epic for surpassing the ordinary  
Cultured for refining the manners  
Team Spirit towards the goal orientation

## PVC Lamination Films

Polyvinyl chloride (PVC) is the world's third-largest produced synthetic plastic polymer at global level. It maintains the quality of products subsequently made out of it. Its color is white in nature but can be changed by adding the color toner.

We are the manufacturer of PVC Rigid Films. (Lamination Grade)

### Features: -

- Our PVC is of world class standards and is of unbeatable quality, as the 'Perfect' brand it is widely known and accepted for its durability and performance
- Available between 4.5 to 15 Mic
- Width is 75mm to 950mm
- The bonding strength of the PVC film become superior with both cardboard and paper with the usage of minimum quantity of adhesive

### Application: -

- Due to its superior bonding strength, PVC is often used for the purpose of Lamination
- PVC is also used to cover and laminate the outer surface of cartons that are used to store pharmaceuticals, cosmetics and readymade garments and hosiery
- Wraps for detergent cakes, soaps, books, posters; corrugated boxes for electrical appliances and gift items and window envelops are made from PVC
- Used in kela patta printing in place of Polyester and BOPP in 4 to 5-micron thickness.
- Used to laminate copy cover

### Specifications :-

Thickness	Length
4.5 Micron	160 sq.mtr (Coverage/KGs)
5 Micron	140 sq.mtr (Coverage/KGs)
6 Micron	120 sq.mtr (Coverage/KGs)
7 Micron	100 sq.mtr (Coverage/KGs)
8 Micron	85 sq.mtr (Coverage/KGs)
10 Micron	70 sq.mtr (Coverage/KGs)
12 Micron	60 sq.mtr (Coverage/KGs)
15 Micron	45 sq.mtr (Coverage/KGs)

Note :- Available in 75mm to 950mm as per the requirement

## Quality Policy

- We believe that it is always better to eliminate the defects entirely, rather than simply avoiding them for the time being. We apply methods and tools for preventive quality assurance systematically, learn from mistakes and eliminate their root causes without delay
- Our motives, directions and principles are based on requirements from global standards, customer's expectation and our learning
- Knowledge of and compliance with these directives and processes is the foundation of our quality
- All our units are certified with ISO 9001:2015
