

# Expand Your HORIZONS

Your Partner in Powdered Ingredient Solutions

Looking to expand your product line or streamline production? Drymac Foods LLP goes beyond offering its own high-quality spray-dried powders. We function as your one-stop shop for all your powdered ingredient needs.

We provide a complete spectrum of services, including contract manufacturing and job work. Our expertise and facilities allow you to leverage our capabilities without the burden of in-house production. Focus on your brand strategy while we ensure consistent, top-notch production for your powdered ingredients.

## About us

Drymac Foods LLP (formerly Baghban Foods) has been a leading manufacturer of spray-dried fruit and vegetable powders since 2015. Our team of agricultural partners leverages their expertise to deliver high-quality products. We started with a 200 kg/day production capacity at our first facility in Baroda Manjusar GIDC. Today, as a well-established food processing company in Dhrangadhra, Gujarat, India, we boast a significantly increased capacity of 2,000 kg/day. Additionally, we own a 500-acre fruit and vegetable farm, ensuring complete control over quality and freshness from farm to powder.

Drymac Foods LLP is ISO 22000:2018 & FSSAI certified, reflecting our commitment to food safety. Founded in 2016, our mission is to be a valuable partner in the F&B sector. We specialize in producing and exporting a wide range of natural, spray-dried powders, including fruit, vegetable, herbal, and dairy product ingredients. Our strategic operations and customer-centric approach have earned us a growing reputation for excellence.

At Drymac Foods LLP, we prioritize customer satisfaction. Our customer-centric approach and policies have garnered us increasing popularity and respect within the industry.
