About Us

JB Microscopes offer a wide range of high-resolution digital inspection microscopes for electronic EMS and industrial imaging vision systems. In the fast-paced and ever-evolving electronic industry, precision and innovation are paramount. Our professional-grade digital microscope specifically designed for the electronic industry offers unique precision and accuracy for your inspection and analysis needs. Equipped with state-of-the-art imaging technology, this microscope delivers crystal-clear, high resolution images and videos, allowing for careful examination of electronic components and circuitry.

Featuring a powerful magnification capability, our digital microscope enables you to zoom in and inspect minute details with ease. Whether you need to examine solder joints, microchips, PCBs, or other intricate electronic parts, this microscope offers the clarity and resolution.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	Advanced Digital Microscopes ESD, Stereo Zoom, Binocular, 3D Microscope and Inspection Microscopes
No of Staff	15
Year of Establishment	2021
OEM Service Provided	No
ProductRange	Trinocular Inverted Metallurgical Microscope JBM-MM18, 4k Autofocus Microscope Camera JBM-AF8, LCD Microscope Digital Camera JBM-L13

Our Products

LCD Microscope Digital Camera JBM L7

8MP Digital Microscope Camera JBM-1000

Wifi Industrial Microscope Camera JBM-WF5

5MP Digital Microscope Camera JBM-500

Auto Focus 28x HDMI 4K Digital Microscope JBM-PL7

4K Digital Microscope Magnification JBM-PL4

C-LINE CAMERA SCAN GIGE JBM-IL7

4K Digital Autofocus Camera JBM-PL5

Digital Inspection Microscope Camera JBM-PL6

4K Microscope Cameras with Measurement Tool JBM-230-4K

LCD Microscope Camera JBM-L10

2K Microscope Cameras JBM-512-2K

Inspection Digital Video Microscope JBM-MZ50

8MP Digital Microscope Camera JBM-1000

Digital Microscope JBM-HM1000

JBM-PL8 Digital Measurement Video Microscope
