HUMIC ACID POWDER

• Soil conditioner / Slow release / Water insoluble
Used for broadcasting & Bentonite coating.

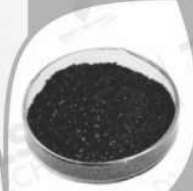

Packing : 50 kg Bag

Super Potassium Fulvic Humate Flakes 98%

• Super potassium humate flakes 98% is the organic nutrition for root development. Good for making various liquid formulation.

Packing :25Kg Drum

AMINO+ HUMIC ACID SHINY BALLS

• This humic acid granules is good for mixing with NPK to be use along with 50 kg chemical fertilizer for soil application.

Packing : 25 kg Bag

Super Potassium Fulvic Humate Flakes 95%

• Super potassium humate flakes is the organic nutrition for root development. Use for drip irrigation and repacking.

Packing :25 Kg Bag

HUMIC ACID SHINY BALLS

• This humic acid granules is good for mixing with NPK to be use along with 50 kg chemical fertilizer for soil and direct application also.

Packing : 50 kg Bag

Super Potassium Fulvic Humate Powder

• It is the organic nutrition for root development. Good for making various liquid formulations & Powder blending

Packing :25 Kg

HUMIC GEL

• It is very important components of soil that affect physical and chemical properties and improve soil fertility. It makes proper growth of root & shoot prolifically.

Super Potassium Fulvic Humate Crystal

• Super potassium humate crystal is the organic nutrition for root development. Good for repacking purpose.

Packing :50 Kg Bag

7HILLS AGROTECH

126/13, 11th Scheme, Shivajinagar, Aurangabad - 431001(M.S.)

Contact : 8446000063, 9970304152.

Email : 7hillagrotech@gmail.com, www.7hillagrotech.com

POTASSIUM FULVIC ACID POWDER 80%

Higher Fulvic content Useful for shoot development & bio stimulant, humic liquid formulation & can also make stand alone formulation.

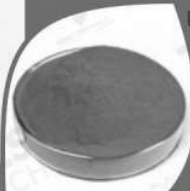

Packing : 20/25 kg Bag

POTASSIUM FULVIC ACID POWDER 60%

Useful for shoot development & bio stimulant, humic liquid formulation & can also make stand alone formulation.

Packing : 20/25 kg Bag

BIO FULVIC POWDER

Useful for shoot development & liquid formulation

Packing : 20 kg Bag

AMINO ACID 60% (SOYA ORIGIN)

Amino acid 60% can be used for making bio-stimulants. It required by plant for synthesis of most important enzymes.

Packing : 20 kg Bag

AMINO ACID 80% (SOYA ORIGIN)

Amino acid 80% can be used for making bio-stimulants. It required by plant for synthesis of most important enzymes.

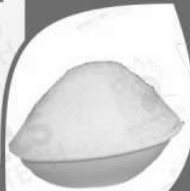

Packing : 20 kg Bag

AMINO ACID 50% (SOYA ORIGIN)

Amino acid 50% can be used for making bio-stimulants & Powder blending with filler.

Packing : 20 kg Bag

AMINO ACID 95% (CASEIN BASE)

Amino acid extracted by Casein. It can be used for making bio-stimulants & Powder blending.

Packing : 20 kg Bag

AMINO ACID 50% (ANIMAL ORIGIN)

Amino 50% is best combination with seaweed base formulation.

Packing : 20 kg Bag

7HILLS AGROTECH

126/13, 11th Scheme, Shivajinagar, Aurangabad - 431001(M.S.)

ORGANIC SEAWEED EXTRACT FLAKES

HIGHER ALGIN CONTENT

Seaweed extract flakes is prepared by the remains of macroscopic & multicellular algae. It good for repacking & formulation

Packing : 20 kg Bag

HIGH ALGIN

HIGH ALGIN

ORGANIC SEAWEED EXTRACT POWDER

HIGHER ALGIN CONTENT

Seaweed extract powder is prepared by the remains of macroscopic & multicellular algae. It is good for repacking & formulation

Packing : 25 kg Bag

ORGANIC SEAWEED EXTRACT FLAKES

Seaweed extract flakes is prepared by the remains of macroscopic & multicellular algae. It is good for trading.

Packing : 20 kg Bag

ORGANIC SEAWEED EXTRACT POWDER

Seaweed extract powder is prepared by the remains of macroscopic & multicellular algae. It is good for trading.

Packing : 25 kg Bag

ORGANIC SEAWEED EXTRACT FLAKES

Seaweed extract flakes is prepared by the remains of macroscopic & multicellular algae. It good for repacking & formulation

Packing : 20 kg Bag

ECO GRADE

ECO GRADE

ORGANIC SEAWEED EXTRACT POWDER

Seaweed extract powder is prepared by the remains of macroscopic & multicellular algae. It is good for repacking & formulation

Packing : 25 kg Bag

Seaweed + Humic + Fulvic Gel

Seaweed gel strengthens the Plant immunity & reduce the damage caused by diseases. It increases the bacterial activity in the soil thereby increasing the root mass sustaining the soil texture and improves Plant.

SEAWEED GRANUALES

Seaweed Humic, Fulvic, Amino granules is prepared by coating on bentonite granule used in sugarcane for broadcasting.

Packing : 50 kg Bag

7HILLS AGROTECH

126/13, 11th Scheme, Shivajinagar, Aurangabad - 431001(M.S.)

GIBBERELIC ACID TECH (90% Purity)

For Cell elongation, used for increase in size of fruits & target crops.

Packing : 1 Kg

NATCA (n-acetyl thazatidine4 carboxylic Acid)

It is auxin increase fruit setting rate, promote seed germination & plant growth. Develop plant resistance & environmental stress.

Packing : 1 Kg

DA-6 (DIETHYL AMINO ETHYL HEXANOATE)

Enhance size and weight of crop improves flavor and taste. Flavor very good for adding into Biostimulant.

Packing : 1 Kg

BRASSINOLOID 0.1% SP

Increase weight, size of fruits, provides luster and uniform color to the fruits. Enhance the immunity of plant, 100% water soluble.

Packing : 1 Kg/ 25 Kg Drum

6BA TECH (N⁶ BENZYL ADENINE)

For cell division, Improves size & weight of target crop by faster multiplication of plant cell. Increase sweetness.

Packing : 1 Kg

SNP (SODIUM INTROPHENOLATE)

It has powerful osmosis, so the effect is swift, Visible result in 30.C, leaves turn green & thick, good result if adding in bio stimulant.

Packing : 1 Kg

FOLIC ACID

Folic acid is an essential vitamin needed for reproductive system. Usually used for adding into various formulations.

Packing : 1 Kg

BRASSINOLOID 0.01% SP

Increase weight, size of fruits, provides luster and uniform color to the fruits. Enhance the immunity of plant, 100% water soluble.

Packing : 1 Kg/ 25 Kg Drum

7HILLS AGROTECH

126/13, 11th Scheme, Shivajinagar, Aurangabad - 431001(M.S.)

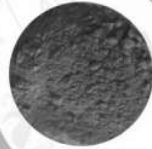

Contact : 8446000063, 9970304152.

Email : 7hillagrotech@gmail.com, www.7hillagrotech.com

IBA (INDOLE 3 BUTHYRIC ACID)

It can stimulate rooting of plants and also increase various fruits & melons fruit setting rate, soluble In acetone, ethanol and other universal solvents.

Packing : 1 Kg

IAA (INDOLE 3 ACETIC ACID)

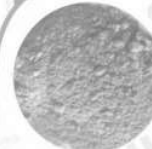

IAA Auxin causes a fairly rapid increase in the cell wall extensibility in coleoptiles and young stems. soluble in acetone, ethanol and other universal solvents.

Packing : 1 Kg

NAA (NAPHTHYL ACETIC ACID)

Avoid flower dropping use for vegetative propagation of plant.

Packing : 1 Kg

TIBA (TRI IODO BENZOIC ACID)

2,3,5 Tri Iodo Benzoic Acid is an auxin transport inhibitor plant top growth of lateral bud and tiller and promot flowering.

Packing : 1 Kg

TRIACONTANOL

Increase photo synthesis plant growth and reproductive system.

Packing : 1 Kg

JASMONIC ACID SP

It inhibits various aspects of seedling growth including primary root growth leaf expansion and hypo codyl elongation.

Packing : 1 Kg

PD[®]

It is water soluble, it increase lateral branching. Blooming & Beanpod. It control the plant height. Vegetation & Reproduction growth.

Packing : 1 kg

URACIL POWDER

Uracil powder serves as allosteric regulator and co-enzyme for reaction in plants. It is also used as anti photosynthesis herbicides, destroying weeds in berry plantations and orchards.

Packing : 25 kg Bag

7HILLS AGROTECH

LIQUID FORMULATION

- Humic Acid 15% Liquid
- Humic 12% + Fulvic 6%
- Fulvic Acid 10%, 15%
- Amino Acid 30%, 40%
- Bio Stimulant (Chana Spl)
- Bio Stimulant (Grapes Spl)
- Bio Stimulant (Pomo Spl)
- Nutrient Powder Conc.
- Nutrient Powder Prime
- Nutrient Powder Plane
- Flower Inducer
- Flower Fixer
- Seaweed 20%, 30%, 40%
- Seaweed + Amino
- Seaweed Combo Liquid
- Sticker + Spreader
- Potash uptake

We can develop any kind of formulations according to the customer demand & we can also do the contract manufacturing.

BIO INSECTICIDE FORMULATION

- Larvicide
- Miticide
- Brinjal Special
- Bph Liquid
- Bph Powder
- Fungicide Liquid
- Fungicide Powder
- Nemotode Control
- Bacteria Control Powder

UPCOMING PRODUCTS

- Micronutrient Edta Base
- Zinc Edta 12%
- Ferrous Edta 12%
- Magnesium Edta 6%
- Manganese Edta 12%
- Copper Edta 10%
- Fe Edda 6%
- Amonium Molybdate
- Calcium + Boron Edta
- Calcium + Magnesium + Boron Edta

Terms & Conditions

- GST@as applicable will be charged extra on all above prices.
- Rate Offered are Ex. Factory Aurangabad.(MS)
- Payment : 100% Advance payment along with confirmed order by RTGS / NEFT
- Local Transport / Freight payable at actual by the customer.

BANK : HDFC BANK LTD.
ACCOUNT NO.: 50200027397461
IFSC CODE : HDFC0009223
BRANCH : GARKHEDA

7HILLS AGROTECH

Melhytri cydioxone

Non Ionic sticker spreader penetrated activator & reactor which enhance the power & efficacy of molecules as it & sprayed.

Packing : 50 Kg

Neem Oil

(Cold press) Neem kernel seed extract polarized grade use for insect repellent.

Packing : 200 Kg

Potassium Silicate

It is rich with potassium & silicon It help plant resistance power and very effective organic fertilizer.

Packing : 25 Kg

Fish Oil

Used in Bio Formulation for insect repellent.

Packing : 200 Kg

Potassium Polyarte

Water holding polymer last long for 3-6 month within the soil usefully in drought Area. Bio degradable molecule.

Packing : 25 Kg

L- Amino Nutrient Powder

Biostimulant powder for increasing nutrition efficiency, stress resistance capacity & improve crop quality. It is specially for horticulture, fruit etc.

Packing : 25 Kg
