## About Us

Fabrics are crucial to the garment industry where they are extensively used for clothing production. Both natural or synthetic materials, with each type featuring unique properties of their own, can be used for producing fabrics. Established with a vision to cater to the fabric requirements of the garment industry, we, Satish Industries, take pride in introducing ourselves as a noted manufacturer and supplier dealing in a variety of breathable and comfortable fabrics. We operate from Ludhiana, Punjab, India, and offer luxurious Cotton Light Weight Fabric, Polycotton Fleece Fabric, Melange Fleece Fabric, Plain Knitted Fabric, PC Sinker Fabric, and many others.

Our commitment to providing premium quality fabrics, adherence to prompt delivery schedules and making fabrics available to customers at cost effective prices have been instrumental in our attaining loyalty of a large customer base. It remains our constant endeavor to keep on innovating ourselves and add more exquisite variety to our range. For this, we accept the invaluable suggestions and feedback provided by our esteemed customers.
