## Company Profile

Libra Enterprises is a market leader in its segment in India and pioneers in delivering quality healthcare solutions employing ethical business practices. We provide a full suite of patient care equipment and service solutions. Libra Enterprises has been the first in India to develop Intensive Care Bed, Emergency and Recovery Trolleys, Two Section Labour Table, India's first electrically operated Hospital bed and has the deepest sales and technical support network across India in its category.

Libra Enterprises is a leading provider of Medical, Dental and Veterinary office equipment in Indian Sub Continent, Asia, Middle East & Africa.

Libra Enterprises is committed to providing meaningful innovations that improve patient comfort and safety as well as enable delivery of better outcomes at lower cost. We operate in four main business areas: ICU and Ward care Solutions including Hospital beds, Mattresses and Ancillary Furniture; Patient Transfer Solutions including E&R Trolleys, Stretchers and Wheelchairs; Examination Room Solutions with our expertise around physician and patient workflow; and Operating Theater Solutions. Libra Enterprises has recently forayed into Home Healthcare as well, knowing that the market will gravitate towards the lowest cost/high quality segment that Home Health represents in a variety of situations.

Libra Enterprises competitive advantage lies in deep understanding of workflow and customer/patient preferences. As an organization committed to improving how healthcare is delivered and experienced, Libra Enterprises is making significant investment in innovation. With "Voice of the Customer" approach in marketing driving product development, it has successfully launched several new products that were primarily imported into India. Libra Enterprises has enhanced stakeholder experience earned customer's trust by keeping its commitment to safety, quality and value over decades. The trust has been reflected in our supply of equipment to most national and regional hospitals across India as well as several international hospitals in Asia, UAE and Africa.

Libra Enterprises employs the advanced technology to develop the products keeping in mind the end user with the objective of maximum comfort and safety to the patient and convenience to the medical staff. The manufacturing process involves most modern scientifically controlled anti-rust chemical treatment with powder coating and shot blasting technology for the surface treatment. Our medical beds, which offer quality beyond comparison are engineered to international standards and help enhancing recovery for the patients.
