MANUFACTURER AND SUPPLIER
REMOTE MONITORING SYSTEM
WIZELOG
& Data Logger
Your Partner In All Right Choices

16 Amp Livwize Wi-Fi Smart Plug, 2 Channel Analog To 4G - Ethernet Gateway, 3.3KW Livwize EV Charging Station, 4-20mA Analog To 4G Industrial IoT Gateway, Ambient Air Quality Monitor, Ambient Air Quality Monitoring System, Energy Monitoring System, etc.

IOT BASED ENERGY MONITORING SYSTEM

IOT GATEWAY - MULTI-DATA ACQUISITION SYSTEM

MODBUS TO 4G GATEWAY

About Us

Founded in 2014, Wizelabs Private Limited is a technology-driven company based in Noida, Uttar Pradesh, India, we are a reliable manufacturer and supplier of advanced IoT-based solutions. Our mission is to empower industries, enterprises, and infrastructure with intelligent data through cutting-edge monitoring systems and seamless connectivity. As the demand for smart, real-time insights continues to grow, we stand at the forefront, delivering dependable and scalable IoT products that help businesses operate more efficiently and sustainably.

We offer a comprehensive range of products including Iot Based Energy Monitoring System, Ambient Air Quality Monitor, IoT Solutions, IoT Gateway and Data Logger and Wireless Temperature Humidity Logger. Designed for accuracy and reliability, our systems are tailored for industrial, commercial, and environmental applications. Our robust hardware, paired with intuitive software platforms, ensures seamless data acquisition, analysis, and remote access, giving users greater control over energy usage, environmental conditions, and system performance.

We blend innovative thinking with precision engineering to create products that are both functional and future-ready. Our research and development and manufacturing units are equipped with state-of-the-art tools and technologies that enable us to maintain high quality standards at every stage of production. Each device is thoroughly tested for performance, durability, and compliance with regulatory norms, ensuring our clients receive reliable solutions backed by engineering excellence.
Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	smart switch,temperature data logger,programmable data logger,iot devices,gps data logger,remote data logger,Smart Plug
No of Staff	12
Year of Establishment	2014
OEM Service Provided	No
ProductRange	smart switch,temperature data logger,programmable data logger,iot devices,gps data logger,remote data logger,Smart Plug

Our Products

IoT Temperature Humidity Data Logger

Wireless Temperature Humidity Logger

16 Amp Livwize Wi-Fi Smart Plug

Iot Temperature Data Logger

Ambient Air Quality Monitoring System

4-20mA Analog To 4G Industrial IoT Gateway

Indoor Air Quality Monitor

Mini Indoor Air Quality Monitor

2 Channel Analog To 4G - Ethernet Gateway

IoT Gateway And Data Logger

Wireless Data Logger

Wireless Temperature Recorders

Three Phase Energy Monitoring System

Ambient Air Quality Monitor

Solar Pump Remote Monitoring System

Ambient Air Quality Monitor
