About Us

A marvel of the market that caters splendid quality chemicals, we are, **Coats And Layers Chemicals**, a hard working, and customer focused manufacturer. The portfolio of our chemicals is highlighted in the markets for the variety and quality of products. Range of our chemicals covers **Ammonium Formate, Ammonium Acetate, Calcium Propionate, Sodium Acetate, Di Potassium Phosphate**, and much more. We well understand our responsibilities as a **manufacturer & exporter** and make sure that whenever customer arrives at our doorsteps they get treated in best possible manner. Our integrity is a result of our focus on proving ourselves better than any other company.

The success story of our company is started to be written, and it will continue for the coming decades. We work with complete attention towards ensuring that our customers will attain the finest quality products without paying unfair prices.

We are a premier business entity of this industry, because of our infrastructure. This is a facility which makes our employees proud to be a part of our company and motivated to achieve their targets. It is a large premises, which is maintained in most sophisticated manner, and continuously updated. We also make available all the amenities in our facility that help us in providing comfort to the employees. This is a building which is divided into several wings, all of which are utilized by us to supersede at serving the best quality Ammonium Formate, Ammonium Acetate, Manganese Sulphate Monohydrate, Precipitated Silica, etc., in quantities that customers require. Our infrastructure helps us stand strong in the market and we give our best to maintain this premises at best, so that we remain first choice of our clients.

Under the tactful guidance of our proprietor, **Mr. Avishek Mondal**, we are offering unmatched solutions to clients in various parts of the country. His ability to read the market pulse, changing trends, customer's expectations, managerial skills, capability to ensure optimum productivity and inspirational leadership has made us a trusted choice for the customers. His charismatic personality inspires the team to work at optimum best to meet the deadlines

Started recently yet managed to earn great recognition in the markets, we are, Coats And Layers Chemicals, a company whose Ammonium Acetate, Calcium Acetate, Sodium Acetate, Precipitated Silica and every other product outclasses offerings of other firms. We are an Ankleshwar (Gujarat, India) based manufacturing entity that widely presents its offerings and never disappoints its customers.
