About Us

We, at Astrial India Pvt. Ltd., understand how imperative vendors are for our business and in the view of this fact, we continue to setup long lasting bonds with them to avail the best quality products. Our ability to maintain cordial relations with our vendors and customers has enabled us earn a strong reputation of a trader and supplier. Sticker Labeling Machine, Fully Automatic Shrink Wrapping Machine, CIP System and Water Treatment Plant are some of many equipment we deal in. We continue to impress our clients with our work, be it in terms of timely product delivery, unmatched quality standards or quick query response. Focusing on all these, our customers repeatedly ally with us to avail our products and services. Our alliance with some big names includes AquaSure from Aquaguard, Kevsar, Imperial Blue, Clear, Divya Jal and more.

We, Astrial India Pvt. Ltd., are supported by a team of qualified technicians and engineers whose capability of installing our offered line of Industrial Filling Capping Machine, Water Treatment Plant, Fully Automatic Shrink Wrapping Machine, etc., helps us render our clients an amazing shopping experience. Moreover, it is because of their in-depth experience in packaging and bottling industry that we continue to set benchmarks in the Indian market. And, since we are based in the capital of our country, New Delhi, India, it has become easier for us to trade and supply our offerings across different Indian locations by setting up a widespread network.
