About Us

We, **Neelkanth Enterprises**, promise to offer worthy products like **Tea Packaging Machine, Spices Packaging Machine, Pouch Packaging Machine, Screw Conveyor, Round Mixer Machine, Hot Air Tray Dryer Machine**, etc. Our company has good experience in the industry and has impressive past record of 100% satisfied customers. The products offered by us are integrated with the latest versions of technology and are matchless in terms of performance. The outstanding attribute of our products has made us a reliable **manufacturer** and **supplier**. We make sure to select our vendors on the basis of various parameters that are necessary. We buy components and other inputs from them only when they meet the criteria set by our company. Our company takes utmost care while choosing the partners because we know how important raw material is for the quality of our finished products. Further, being a customer-centric firm, we make sure to offer the delivery of products on promised time and this feature of our entity has helped us win customer trust and heart. We promise that we will always give our best not only to meet but surpass the expectations of clients.

Certified Engineers

We have employed certified engineers in our company that are not only dexterous but innovative also. Our company is grateful to them for their support and efforts that they put in to meet the set targets. Our engineers are an indispensable part of our success, it is due to their hard work that we are able to make the customers happy. Below mentioned are some outstanding qualities of our engineers:

- ✱ They have a passion to innovate and improve.
- ✱ Highly focused and quality centric.
- ✱ Ready to work 24*7 in order to meet the bulk requirements in minimal time period.

Our Production Wing

We have a well-outfitted manufacturing unit at Faridabad, Haryana of India from where we carry out different processes in order to produce Spices Packaging Machine, Cutter Cum Shifter, Power Mass Mixture, Coating Pans, etc. We have integrated our infrastructural wing with the best technically advanced machines and tools. Apart from having ultra-modern facilities, we have various departments such as R&D, manufacturing, quality management, warehouse, sales and many more for the smooth accomplishment of projects. All these departments are controlled by higher management to ensure timely delivery of final products.
