

OIL & GAS PLANT ENGINEERS (I) PVT. LTD.

FROM CONCEPT TO COMMISSIONING

MORE THAN 30 YEARS OLD EPC COMPANY

- Above 600 LPG installations in India and abroad
- Safe and highly reliable systems and equipment

ALDS SYSTEMS / LPG DISPENSERS

Approved 'Auto LPG Installer' by PESO and accredited with more than 200 complete systems for Oil Majors like IOCL, BPCL, HPCL, BGL and Indian Oil Petronas.

LPG BOTTLING PLANTS

OGPE sets up LPG bottling plants in both manual as well as semi-automatic designs. We are also geared-up to set-up complete bigger capacity plants with carousels.

NATURAL GAS PRESSURE REDUCTION AND METERING STATIONS

Twin steam skid mounted units ready to receive gas for natural gas, LPG, nitrogen and coke oven gas etc. complying with international safety standards.

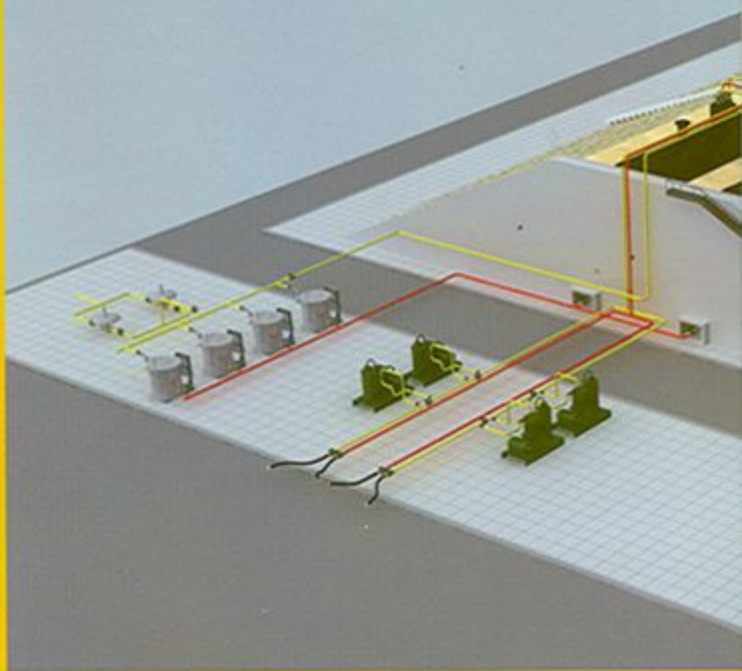

SYNTHETIC NATURAL GAS SYSTEMS (LPG-AIR MIXING SYSTEM)

OGPE installed first SNG systems in India in 1987. Ever since then, we have set-up many such systems with our principals 'Algas-SDI USA' for glass, ceramic and picture tube industries all over the country.

ALL SYSTEMS GO...

When OGPE brings

COMPANY PROFILE

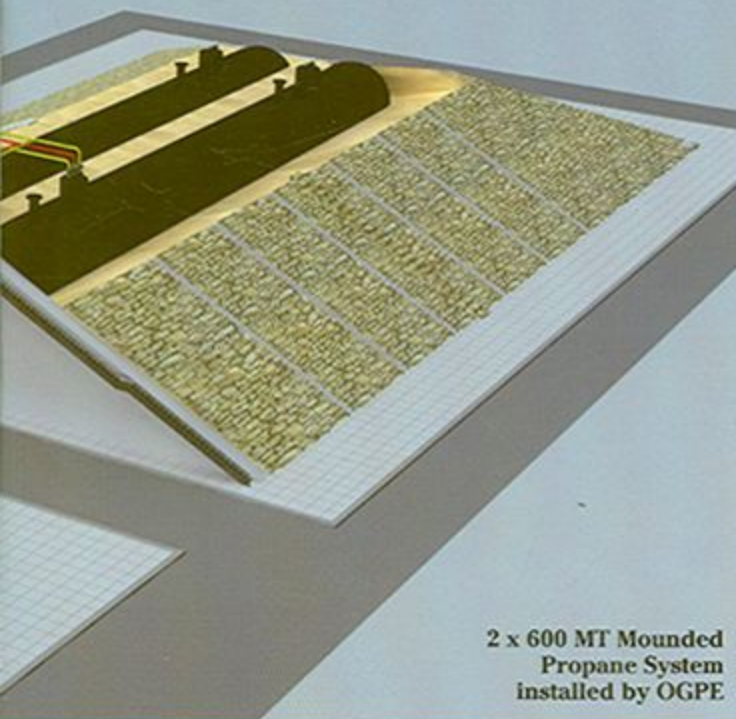

OGPE is an ISO-9001:2008 compliant company and is holding the flag of excellence and integrity aloft for more than 30 years now. We are in the business of setting-up gas storage systems, bottling plants, ALDS systems, natural gas pressure reduction systems and a whole range of gas handling, monitoring and safety equipment. We have in-house design capabilities, highly skilled and experienced manpower, equipment, machines and wherewithal to develop any concept right up to commissioning complying with statutory regulations and clients exacting requirements.

We have had the privilege of setting-up various systems in over ground, under ground and mounded designs. We owe our success to our esteemed clients confidence in us which has helped us to set-up more than 600 installations within the country and abroad.

We have had the opportunity of working with all the major public sector oil companies and other prestigious clients in the private sector in automobile, chemical and petrochemical, steel,

OGPE is committed to ensure customer satisfaction by

it all together.

2 x 600 MT Mounded
Propane System
installed by OGPE

PUMP/COMPRESSOR PACKAGES

Positive displacement dumps, centrifugal pumps, sealless pumps and compressors for liquid and gas products from 'Blackmer, USA'.

VAPORIZERS

Electrical and steam heated vaporizers manufactured by our sister company in capacities 25 Kgs/Hr to 5000 Kgs/Hr

GAS LEAK DETECTION SYSTEMS

Portable as well as fixed type gas leak detection systems in association with 'New Cosmos Electric Company Ltd., Japan' for both flammable and toxic gas service and odor sensors.

LOADING ARMS

LPG/Propane/Ammonia loading arms for top as well as bottom loading.

CONTRIFUGAL BLOWERS

ATEX compliant single Stage, multi stage blowers & exhausters manufactured by 'Continental Industries S.A.S, France' for air and non aggressive gases.

glass, metal refining, hospitality, electronics, food and beverage, textiles and engineering industries etc. The emphasis is always to give the industry very safe, reliable and dependable systems requiring minimum post-sales support. Selling a product for us is just the beginning of a relationship which is fully backed-up by after sales support teams.

OGPE has greatly benefited from its decades old association with their overseas principals who are among the world's leading manufacturers of 'state of art' critical equipments for the energy sector.

OTHER SYSTEMS/PRODUCTS

- LOT systems
- Piping systems for natural gas/ LPG and other services
- Petroleum storage installations
- Reticulated system
- Diaphragm and turbine type meters for gas service
- Gas leak check valves
- Pressure regulators / slam shut off valves

serving quality products and services on time, every time.

OUR OVERSEAS PRINCIPALS

ALGAS-SDI, USA:

(LPG vaporizers, LPG-Air mixing systems, calorimeters and stabilizers etc.)

BLACKMER, USA :

(Pumps & compressors for HC & process industry)

NEW COSMOS ELECTRIC CO. LTD, JAPAN:

(Fixed type and portable gas leak detection systems)

FLUSSIGGAS ANLAGEN GMBH, GERMANY:

(LPG dispensers & loading arms)

CONTINENTAL INDUSTRIES, FRANCE:

(Multi stage centrifugal blowers & exhausters for air/non-aggressive gases)

COPRIM, ITALY

(Pressure regulators, slam shut off valves and complete stations)

COSOMOTECH, KOREA:

(Online gas leakage detectors/gas leakage breaking valves)
