

EMS 310 PS

Pneumatic Stripping Machine

- EMS 310 PS is mainly used for larger wire diameter.
- Fast back design
- Double acting air cylinder with FRL
- Combination of Air with Oil lubrication reduces internal wear of Cylinder
- Durable and extended service life
- Unique design of carriage, stable reciprocating travel and accurate cutting.
- Adjustable stroke length and wire diameter.

Dimension	500x450x450 mm
Power	220 V AC 50Hz
Carriage Stroke	1.0 – 9999.9 mm
Wire stripping capacity	1 – 100mm
Air pressure	3 – 7 Kg/cm ²
Output Power	49 – 115 Kg
Air cylinder	ø 50 mm
Weight	30 Kg approx.
