Quality & Innovation Dedicated to Healthy Life

A Perfect combination for **Stronger Bones**

HARD GEL CAPSULE

Kascal-MaxTM

Omega 3 Fatty Acid + Coral 225mg + L-Methylfolate 1mcg + Cyncocobalamin +
Vit K2-7 45mcg.

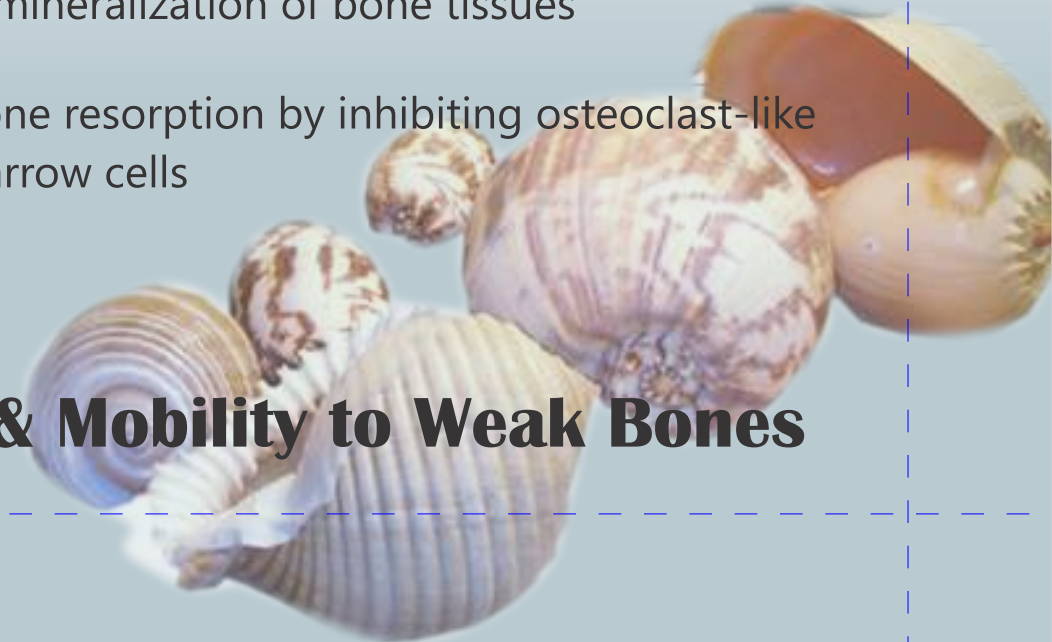

Keep Bones In Working & Healthy State

Post Menopausal Osteoporosis ■ Fractures

Senile Osteoporosis ■ Osteomalacia

- 4-5% more absorbable than calcium carbonate
- More effective than calcium carbonate at slowing bone loss in postmenopausal woman
Alt.Med.Rev.;4(2),1999,74-84
- Increases spinal bone density in osteoporosis
JAMA 1993 Aug 18;270(7):841-4
- Stimulates calcium absorption
- Safe and significantly reduces the rate of new vertebral fractures in post menopausal women
N Engl J Med 1992; 326:357-62
- Increases osteocalcin levels and facilitates mineralization of bones
Journal of Bone and Mineral Research, 1997, Y. Koshihara and K Hoshi
- Exerts suppressive effect on osteoclasts
Molecular and Cellular Biochemistry, 2001, ZJ Ma and M Yamaguchi
- Prevents fractures and sustains lumbar bone mineral density in osteoporosis
Journal of Bone and Mineral Research Volume 15, Issue 3, pages 515-521, March 2000
- Promotes growth and mineralization of bone tissues
J. Trace Elem. Exp. Med. 11:119-135, 1998
- Inhibits osteoclastic bone resorption by inhibiting osteoclast-like cell formation from marrow cells
J. Trace Elem. Exp. Med. 11:119-135, 1998

Gives Strength & Mobility to Weak Bones

An excellent Calcium Preparation.....

HARD GEL CAPSULE

Hilcal

Calcium Citrate Malate + Cricumin + Zinc +
Pyridoxal 5 Phosphate & Niacin **Tablet**

- Calcium Citrate Malate & Zinc effectively reduce the incidence and severity of hypocalcaemia.
- Vitamin D3 enhances Calcium absorption & helps in bone mineralization.
- Regulate bone metabolism.
- It helps replenish age-related bone loss.
- Lesser the risk of fractures.
- Improves balance, muscular strength & agility.

OSTEOPOROSIS

PREGNANCY

Keep the Excess Inflammatory Cytokines in Check

TRYFLAM-DS
TRYPSIN-CHYMOTRYPSIN + BROMELAIN + RUTOSIDE PAPAIN + DICLOFENAC

TRYFLAM-DS

TRYPSIN-CHYMOTRYPSIN + BROMELAIN + RUTOSIDE PAPAIN + DICLOFENAC

TRYPSIN: Anti-inflammatory ; Inhibits vascular permeability and modulates cytokine levels¹

BROMELAIN: Antiedematous, anti-inflammatory, antithrombotic and fibrinolytic activities¹

RUTOSIDE: Powerful anti-oxidant; Effectively combats free radicals released during inflammatory process¹

1. Journal of Drug Delivery & Therapeutics; 2014, 4(1), 108-110

RABGROW-DSR

Rabeprazole 20 mg (Enteric Coated) + Domperidone 30 mg S.R. **CAPSULES**

Rabeprazole

- Produces rapid inhibition of proton pump compared to Omeprazole, Lansoprazole and Pantoprazole
Aliment Pharmacol Ther. 1999 Aug;13 Suppl 3:3-10.
- Safe and effective in the treatment of GERD, long-term prevention of GERD relapse
Drugs 2001;61(15):2327-56.
- Possesses superior antibacterial activity against *Helicobacter pylori* compared to Lansoprazole and Omeprazole
Aliment Pharmacol Ther. 1999 Aug;13 Suppl 3:3-10.
- Relieves GI symptoms equally well in both nonerosive GERD and erosive GERD
The American Journal of Gastroenterology 97, 1332-1339 (1 June 2002)

Domperidone

- Increases the gastric emptying rate by stimulating the rate & force of intestinal contractions

**Rabeprazole & Domperidone
improves the quality of life of
patients suffering from GERD**

J Indian Med Assoc. 2008 Apr;106(4):264, 266, 268

Eliminates G.E.R.D. For Peaceful G.I.T

With GERD things feel different...

ESOGROW-DSR

Esomeperazole magnesium 40mg + Domperidon 30mg(S.R.)

Capsules

Esomeprazole

- Possesses higher potency in acid inhibition than other PPIs

Ther Clin Risk Manag. 2007 August; 3(4): 653–663.

- Esomeprazole 40 mg od for up to 8 weeks provided higher rates of healing of erosive GERD and a greater proportion of patients with sustained resolution of heartburn compared to Omeprazole 20 mg, Lansoprazole 30 mg, and Pantoprazole 40 mg od

Ther Clin Risk Manag. 2007 August; 3(4): 653–663.

Domperidone

- Potent antiemetic agent that increases lower esophageal tone & esophageal clearance

The Internet Journal of Gastroenterology;ISSN: 1528-8323

- Improves antroduodenal motility & accelerate gastric emptying

Advanced Action to Tackle
Hyperacidic Challenges

Gastro-oesophageal Reflux Disease

Erosive Esophagitis

Dyspepsia

EAMOPAR

Esomeperazole magnesium 40mg INJECTION

A Complete Health Pack for Blissful Life...

TABLETS *Mv*grow-forte

CO-ENZYME Q10 50MG + L-CARNITINE + METHYLCOBALAMINE + ZINC + BIOTIN

Heart muscle injury : Helps people who have cardiomyopathy, a weakening or problem with the heart muscle.

Heart disease prevention : It may improve blood flow and blood vessel widening in people with diabetes. Its benefit heart health associated with stress.

Coronary heart disease : Cholesterol-lowering drug simvastatin may benefit people who have coronary heart disease. It may also help reduce inflammation in those with this condition.

High blood pressure : In the treatment of high blood pressure.

High Cholesterol : It is conflicting in support of the cholesterol-lowering effects of CoQ10.

Cancer : helps predict the risk of skin cancer progression. It may increase survival in end-stage cancer.

Cataracts : It may benefit eye health. To improve nerve regeneration in the eye.

Male infertility : That supports for improving sperm health.

Nerve pain : It may benefit people who have nerve pain caused by diabetes.

Diabetes : In the treatment of heart-related complications in people with diabetes. It may lack effect on blood sugar control.

KRIHANS-CV

Cefuroxime + Clavulanic Acid **TABLETS**

- Active against a wide range of Gram-positive and Gram-negative organisms
- Resistant to most beta lactamases
- Attains high concentration in cerebro-spinal fluid
- Most potent against meningitis caused by Haemophilus influenzae, meningococci & pneumococci
- Achieves superior cure rates 83.3% compared to Amoxycillin/Clavulanic Acid 75 % in CAP

Singapore Med J 1996;37:255-57

Upper & Lower RTI | Acute Otitis Media
Urinary Tract Infections | Septicaemia
Bacterial Meningitis | Bone & Joint Infections

BUILT FOR TOUGH INFECTION CHALLENGES

Powerful Anti-Inflammatory &
Antioxidant Rich Formula

All Natural Ingredients

CABROMUST

CAPSULES Curcuminoids of Complete Solubility

Powerful Inflammation Response

Composition :

Each Vegetarian Capsule Contains (Approx)
Nano Curcumin 500 mg.

(Nano Particle)

Nano Tech Release (10% Curcuminoids)

Approved Overages Add.

- Maximum Absorption with Bioperine
Black Pepper Extract
- Antioxidant Rich Formula
- Supports Healthy Joints
- Helps Improve Liver Function
- Helps Relieve Acute Joint & Muscle Pain
- Vital Role A Cancer Management & Treatment

**Also Available
CABROMUST Syrup**

Powerful Anti-Inflammatory & Antioxidant Rich Formula

All Natural Ingredients

CABROMUST-O

CAPSULES Curcuminoids of Complete Solubility

Powerful Inflammation Response

Composition :

Each Vegetarian Capsule Contains (Approx)

Nano Curcumin 500 mg.
(Nano Particle)

Piperine 5mg.

Nano Tech Release (10% Curcuminoids)

Approved Overages Add.

- Maximum Absorption with Bioperine
Black Pepper Extract
- Antioxidant Rich Formula
- Supports Healthy Joints
- Helps Improve Liver Function
- Helps Relieve Acute Joint & Muscle Pain
- Vital Role A Cancer Management & Treatment

**Also Available
CABROMUST-O Syrup**

Ademust 400

S-Adenosyl-L-Methionine 400mg Tablets

Indications

- Alcoholic liver disorders
- Nonalcoholic Steatohepatitis
- Cirrhosis
- Cholestasis
- Liver Injury
- Depression Schizophrenia Dementia
- Alzheimer's Disease
- Myelopathy
- Peripheral Neuropathy
- Metabolic Disorders
- Osteoarthritis
- Rheumatoid arthritis
- Drug-induced deficiency

**A Viable Supplement for Conventional Drug Therapies i.e
NSAID in Osteoarthritis & Other Inflammatory Disease**

COLROSS-Max

Undenatured Type II Collagen 40mg + Rose Hip 400mg + Boswellia Serrata 50mg +
Hyaluronic Acid 30mg & Curcuminoids 100mg

ROSE HIP EXTRACT

Protective effects against oxidative stress
Reduces Pain
Improves Pain
Decreases use of rescue medication
Does not affect weight

COLLAGEN PEPTIDE

Improves joint flexibility & mobility in joint function
Stimulate the growth of new cartilage

VITAMIN-C

Strengthens the immune system
Maintain collagen, which is essential for healthy skin, gums and joints

SODIUM HYALURONATE

Reduces adhesion formation of the affected tendons with their sheaths

CHONDROTIN SULFATE

Provides tensile strength & elasticity to healthy tendons

Indication

- **No Ulcerogenic Effects**
- **No Effect On Platelet**
- **Does Not Influence Coagulation Factors**

Helps Tendon Cells to Regenerate

In acute & Chronic

Liver Disorders

LivGrowth

Powder

Ultra Filtrate

INDICATIONS :

Acute & Chronic Hepatitis

Fatty Liver

Liver Cirrhosis

Post Hepatitis Convalescence

Alcoholic Liver Damage

Adjust To Hepatotoxic Drug

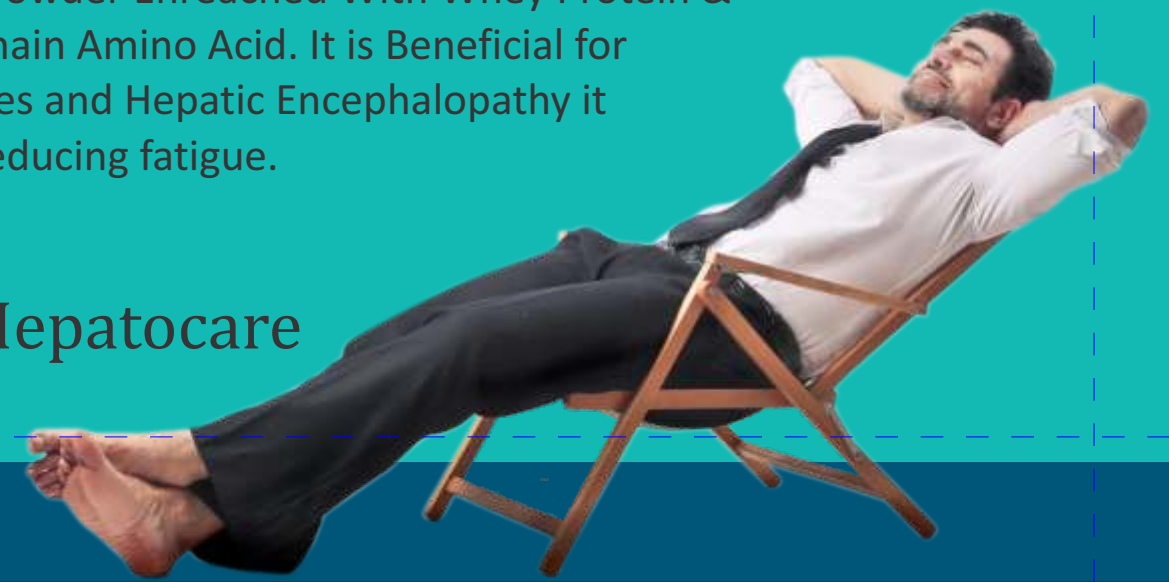

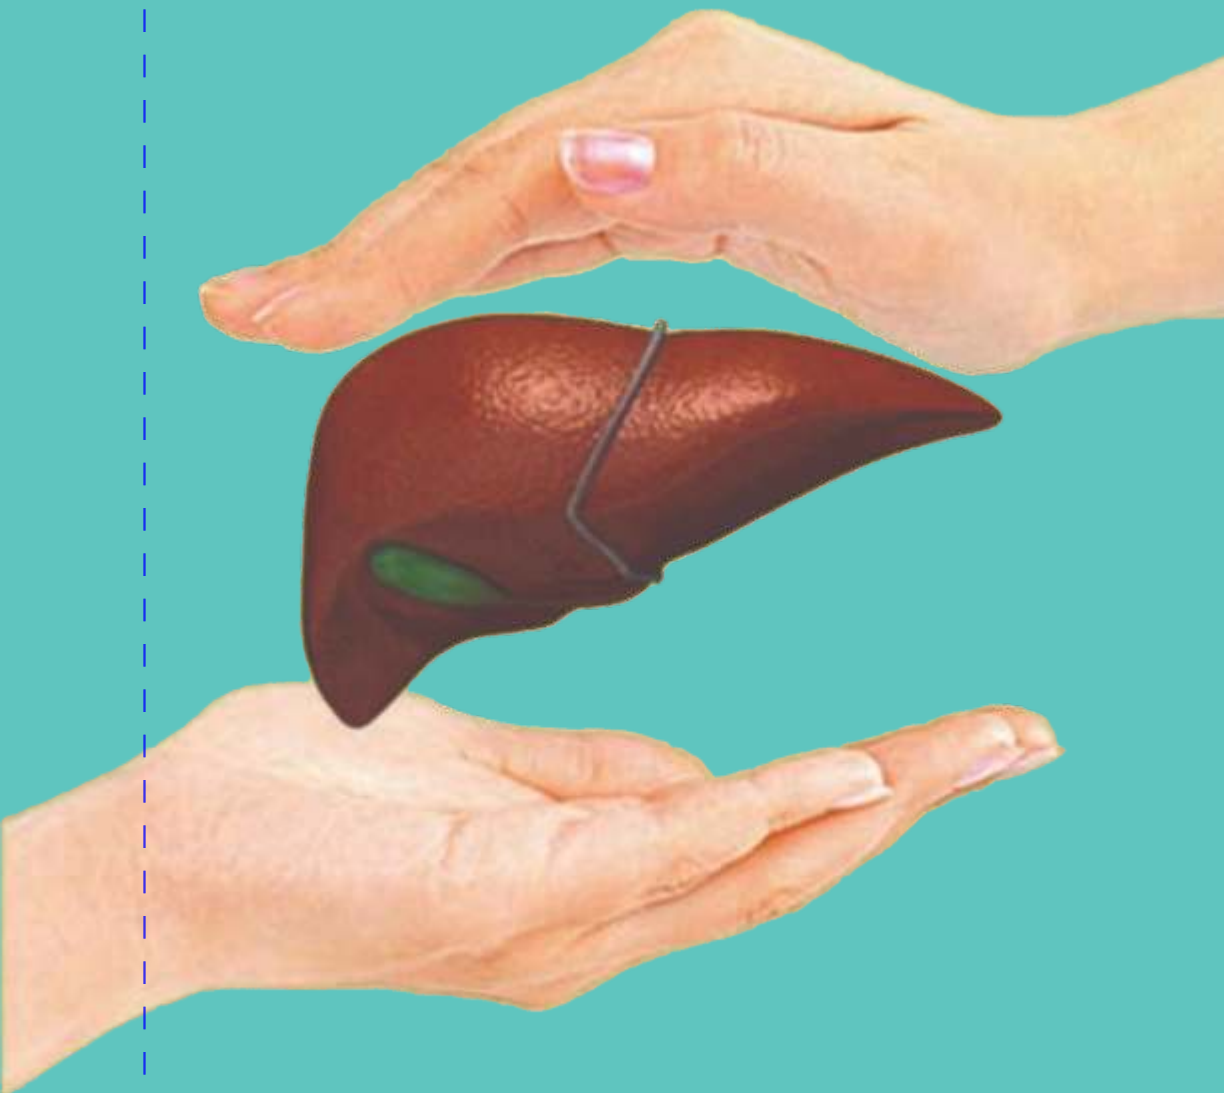

Hepatic Encephalopathy

Jaundice

LivGrowth Powder Enriched With Whey Protein & Branched Chain Amino Acid. It is Beneficial for Liver Diseases and Hepatic Encephalopathy it helps in reducing fatigue.

More Powerful More Convenient

- Intensifies workouts by allowing more nutrients and oxygen to flow into the muscle
- Reduces recover time between sessions because more oxygen gets delivered to your muscles
- Increases pump, boosts strength and endurance by combating lactic acid build up in the muscle tissue
- Increases Energy levels by cooling your body down faster

And Many More

Proscribe *Brilliant* Protection

SACHET

ALG MAX

L-Glutamine 10gm. + L-Arginine 1gm. +
Fructo Oligosaccharide 1.5mg + Probiotics 250mg.

L-Glutamine is an excellent all-around supplement that may prove useful as part of a nootropic stack. It is a great source of brain fuel and can ensure your neurotransmitter levels are appropriately balanced. L-Glutamine is highly recommended for those who are engaged in strength training, weight lifting or other similar types of athletic competition.

Innocent physiology for innocent guest

Whitening, Anti-Aging & Skin Cell Renewal

AV-Q GLO

Co-Enzyme Q-10 + Vitamin C + L-Glutathione, Alpha Lipoic Acid & Pycnogenol Tablets

RETAINANCE OF COMBINATION :

L-Glutathione, alpha lipoic acid and green tea extract is combined together because of its free radical scavenging property, they all antioxidants that helps in removal of free radicals from the body and helps in removing pigmentation leading to healthy, glowing and wrinkle free skin

INDICATIONS :

ANTI-AGING & ANTI-WRINKLE

SCAR HEALING

NOURISHES THE SKIN

MAINTENANCE AND STRUCTURAL STABILITY OF COLLAGEN

PREVENTS/REMOVE PIMPLES MARKS

MAKES SKIN SMOOTH, FRESH AND RADIANT

LIGHTEN DARK SPOTS

AVGROW

HEALTHCARE

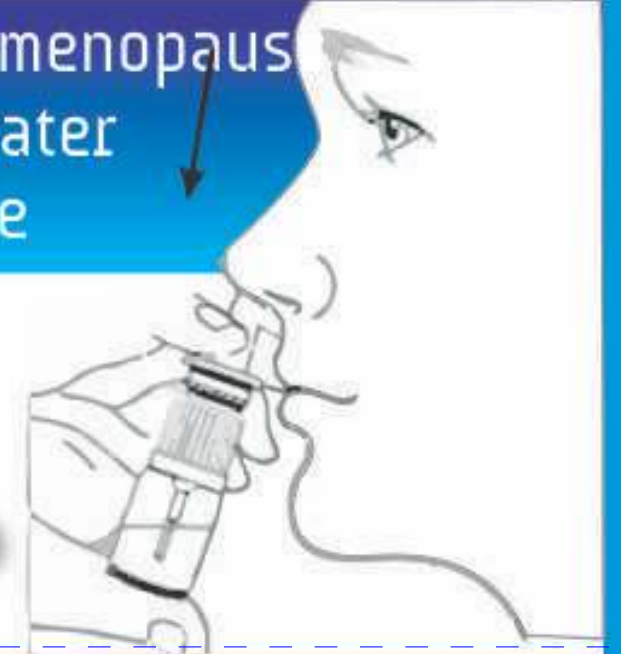

Say Goodbye to Osteoporosis..

Used to treat osteoporosis in women who are at least 5 years past menopause

It works by preventing bone breakdown and increasing bone density (thickness)

Works by slowing bone loss to help maintain strong bones and reduce your risk of fractures.

Indicated for the treatment of postmenopausal osteoporosis in women greater than 5 yr postmenopause

Healthier Nerves prevents Neuralgia

AVNERV-NT

**Pregabalin 75mg + Nortiptline 10mg +
Methylcobalamin 1500mcg Tablet**

Analogue of Neurotransmitter GABA...binds potently to the alpha 2-delta subunit resulting in modulation of Ca channels

Reduces the release of several neurotransmitters, including Glutamate, Norepinephrine Serotonin, Dopamine and Substance P.

Effective treatment for Diabetic Neuropathic Pain, Shingles, Fibromyalgia, Seizures, and Pain Management.

*Relieve neuropathic pain (pain from damaged nerves) ...
Pregabalin is used with other medications to treat certain types of seizures*

Currently FDA approved for Diabetic Neuropathy, Neuropathic Pain

- *Neurologically active form for Nerve protection and beyond*
- *Promotes nerve regeneration and growth*
- *For significant improvement in all symptoms of Neuropathy*

Post-therapeutic Neuralgia
Adjunctive therapy in Adults with Partial Seizures
with or without Secondary Generalization
Management of Fibromyalgia
Generalised Anxiety Disorders

The Extra Large Supplement For Healthy Life

MVGROW-FD

Co Enzyme Q10 + Astaxanthin + Folic Acid + L-Arginine + L Carnitine L-Tartrate +
Lycopene + N-Acetyl L-Cysteine + Zinc **Tablet**

Co Enzyme Q10 : Coenzyme Q10 is useful antioxidant, Effective in energy metabolism
: Useful for preventing migraine headache, Parkinson disease and many
other conditions

Astaxanthin : Support eyes, skin, joints, heart and exercise recovery.

Folic Acid : Helps in the metabolism of amino acids.

L-Arginine : Improves ovarian response & pregnancy rate in poor
responder.

L Carnitine L-Tartrate : Improves vitality, helps in preventing heart
problems.

Lycopene : Acts as an antioxidant preventing the free radical effect

N-Acetyl L-Cysteine : Improves ovulation status, hormonal levels, lipid
profile.

Zinc : Indicated for induction of RBC formation hemoglobin formation
and to support menstruation cycle in women.

CARDIOVASCULAR DISEASES

MALE & FEMALE INFERTILITY

POST OPERATIVE

DIABETIC NEUROPATHY

FATIGUE / WEAKNESS

Vitamin E of the 21st Century
with Potential Against Cancer and
Other Chronic Diseases

TOCOMUST-G

TOCOMUST-G

**Empowering Fight Against Cancer
With Power Of Vitamin E**

- ★ TT Treatment is associated with alteration of cell morphology, DNA fragmentation, and caspase-3 activation, through which inhibits proliferation and induces apoptosis in a large number of cancer cells.
- ★ In breast cancer cells, the chemosensitizing actions of tocotrienols in combination with chemotherapeutic drugs including gefitinib, erlotinib, and celecoxib are observed Pharmacol.
- ★ In colorectal, gastric, liver, oral, and prostate cancer cell lines, synergistic anti-cancer activities are observed with tocotrienols

Indicated in :

Breast Cancer

Colon Cancer

Liver Cancer

Lung Cancer

Stomach Cancer

Skin Cancer

Pancreas Cancer

Prostate Cancer

A pregnant woman with dark hair, wearing a red short-sleeved dress, is shown in profile, gently holding her belly. The image is set against a white background and is framed by a white, irregular border that follows her silhouette.

Safe & caring Iron care...

HANSFER-XPS

- Superior form of iron
- Exhibits superior absorption compared to Ferrous Sulfate
- Exhibits 2 times more bioavailability compared to ferric form of iron
The American Society for Nutritional Sciences J. Nutr. 133:483-488, February 2003
- No GI irritation or interaction with food occurs
- Stable chelate of Iron with Ascorbate maintains iron in highly soluble ferrous form
- Increases the haemoglobin level and number of erythrocytes
- Maintains long term patient compliance

IRON DEFICIENCY ANAEMIA

HEAVY MENSTRUATION

PREGNANCY/LACTATION

POST PARTUM HAEMORRHAGE

FOR BURNING NEUROPATHIC PAIN

**First line treatment for
painful neuropathy**

VPREG-M

Pregabalin 75mg + Methylcobalamin 750mcg Capsules

Pregabalin :

An anticonvulsant shown to help with certain types of nerve pain.

Possesses high bio-availability (90% vs 33-66%) compared to gabapentin.

Improve mood & reduces sleep disturbance.

Methylcobalamin :

Acts as neuroprotectives, promotes myelination in neurons.

Significantly effective in treatment of autonomic and peripheral neuropathy in both diabetic and non-diabetic patients.

**Power Of Resveratrol Natural Yeast
Fermented Trans-resveratrol Purity > 98%**

KEMIBEST-G

YEAST FERMENTED NATURAL TRANS-RESVERETROL

- **Protective Antioxidant, Healthy Aging.**
- **Supports in Energy Metabolism Skin Health.**
- **Supports Health Heart & Glucose Metabolism.'**
- **May Benefit in Improving Cognitive Function.**
- **Supports Bone Health, Improves Bone Density.**

Also Available

KEMIBEST-SGT

**the prime Antioxidant for building &
maintaining Gut integrity**

GLUTAJECT

L-Alanyl-L-Glutamine 20%w/v INFUSION

- Protects the Integrity of the intestinal mucosa and maintains intestinal barrier functions.
- Reduces Bacterial Translocation.
- Decreases the risk of G.I. associated infections & infection induced inflammatory damage.
- Reduces infection associated symptoms like :
Diarrhea, Dehydration Malabsorption & Eelectrolyte imbalance.
- Improves absorption of nutrients & also increases absorption of other chemicals.
- Decrease Weight Loss.
- Improves recovery, enhances epithelial repair, inhibits Appotosis due to Cellular.
- Also helps inhibit muscle protein catabolism.

The ultimate warrior Against Severe infections

Kalnem-TZ 1.125

Meropenem 1000mg + Tazobactam 125 mg
Injection

MEROPENEM :

Stable to hydrolysis by the enzyme dehydropeptidase when compared to Imipenem

Less nephrotoxic & neurotoxic than imipenem

Has excellent safety profile and suitable for use in renally impaired patients

Offers greater therapeutic effects than cefuroxime plus Gentamicin

TAZOBATCAM

A Penicillanic acid sulfone derivative with B-lactamase inhibitory properties.

Enhances the activity of B-lactam antibacterials.

Skin & Skin structure infections

Bacterial Meningitis

Intra-Abdominal infections

Pneumonia

Ease out the infections
with

KALROME-S 1.5GM

Cefpirome 1000 mg + Sulbactam 500 mg
Injection

KALROME-1GM

Cefpirome 1000mg Injection

Cefpirome binds to one or more of the penicillin binding proteins (PBPs) which inhibits the final transpeptidation step of peptidoglycan synthesis in bacterial cell wall, thus inhibiting biosynthesis and arresting cell wall assembly resulting in bacterial cell death.

Cefpirome is rapidly and widely distributed in body fluids and achieves excellent tissue penetration reaching concentrations which exceed the minimum inhibitory concentrations for most pathogens

Lower respiratory tract infections

Complicated Urinary Tract infection

Bacteraemia/Septicaemia

Skin and soft tissue infections
