About Us

Since kitchen-based equipment have become a necessity, there is always a rising demand for them in the market. In the year 2011, we founded GE Engineering Works to demonstrate our expertise in the market of kitchen equipment. We have developed over the years into a well regarded business as a manufacturer and supplier of a premium line of kitchen-based products that are consistently updated with the most recent technologies. There has been a consistent rise in demand for our whole product range, which includes Mild Steel Drum Tandoor, Single Deck Pizza Oven Gas, Stainless Steel Deep Freezer, Food Warmer Bain Marie Counter, Twin Tank Electric Fryer Machine, Commercial Gas Range, etc. We also put a lot of effort into providing our premium goods at competitive costs.

At GE Engineering Works, we have been working hard to distinguish ourselves in the highly competitive market of kitchen-based equipment. In the city of Mumbai, Maharashtra, India, we have our facility located where we efficiently manufacture a wide range of goods, such as Stainless Steel Shawarma Machine, Double Bowl Kitchen Sink, Stainless Steel Popcorn Machine, Stainless Steel Water Cooler, Manual Convection Gas Oven, Stainless Steel Planetary Mixer, and many others. We make sure that every product we produce is tested to the highest quality standards ensuring that our customers get the best. We continue to fulfil the needs of a large number of clients by offering premium kitchen-based products, and we will do so in the future.
