About Us

Elann Drive And Automation Pvt. Ltd. stands as a dynamic and quality-driven organization in the field of industrial drive and automation solutions, dedicated to delivering high-performance products that meet evolving industry demands. With a strong focus on engineering excellence and innovation, the company offers a comprehensive range of precision-built products including Planetary Gearbox for Shredder, Bevel Planetary Gearbox, and Planetary Geared Motors, designed to ensure efficiency, durability, and reliable operation across various applications. Each product is developed using advanced manufacturing techniques and high-grade materials, ensuring optimal torque transmission, compact design, and long service life even in demanding environments.

Backed by a skilled team of professionals and a modern infrastructure, the company emphasizes strict quality control at every stage of production to maintain consistency and performance standards. Customer satisfaction remains a core priority, supported by timely delivery, technical support, and customized solutions tailored to specific requirements. By continuously upgrading technology and adhering to industry best practices, Elann Drive And Automation Pvt. Ltd. aims to strengthen its position as a trusted partner for businesses seeking dependable motion and power transmission solutions, while maintaining a commitment to integrity, precision, and long-term value creation.
