

Importer, Supplier & Trader

# Vinyl Acetate Monomer

2-Hydroxy-4- Methoxybenzaldehyde, 4 Amino Benzonitrile, 4-Bromo-3, 5-Dimethyl Benzonitrile, 5-Chloro Methyl Anthranilate, Acetone, Acetyl Chloride, Benzalkonium Chloride, Benzoyl Chloride, Benzyl Chloride, Betamethasone Dipropionate IP, Betamethasone Dipropionate Usp, Betamethasone Sodium Phosphate, Betamethasone Valerate Usp, Bromo Indole 5, etc.

**FERROUS SULPHATE**

**5-CHLORO METHYL ANTHRANILATE**

**ORGANIC INDOLE**

## About Us

Chemicals are used in a variety of applications in school labs and industrial manufacturing of products like soaps, garments, paints and many others. Incepted in 1990, Hemanshu Chemicals is a leading enterprise which deals in premium quality chemicals which are procured from the best of dealers in the markets worldwide. We are the leading traders, importers and suppliers of an array of quality chemical products which are supplied at the most reasonable prices to the domestic market. Some of the chemicals that we deal in include Diluted Nitroglycerine, N-Butanol, ISO Propyl Alcohol, Toulene, Methanol, etc.

In the last 31 years we have carved a special niche for ourselves in the chemical market. The commendable leadership of our Director Mr. Shailesh Shah and the sincere dedication of our team members, has helped us in earning a large number of loyal customers. In order to ensure that only premium quality chemicals are supplied to the market, we import the best quality of chemicals from countries like China, Taiwan, Korea, etc. We also, procure quality products from manufacturers in the domestic market.
