About Us

BAC Contractors is an organization professionally managed that trades as a trusted trader, supplier as well as service provider of advanced commercial air conditioning systems. We are passionate in providing quality, efficiency and customer satisfaction and we therefore specialize in providing reliable HVAC solutions that are tailored to address various industrial, commercial and institutional needs. Our firm has established a reputation of offering technically effective cooling systems supported by reliable after sales services.

We know that climate control is very important to facilitating the productivity, comfort as well as operational efficiency. Hence, we are specializing in providing high-performance air conditioning systems which are designed to provide constant cooling, energy saving and extended lifespan.
