

Machinery Spares

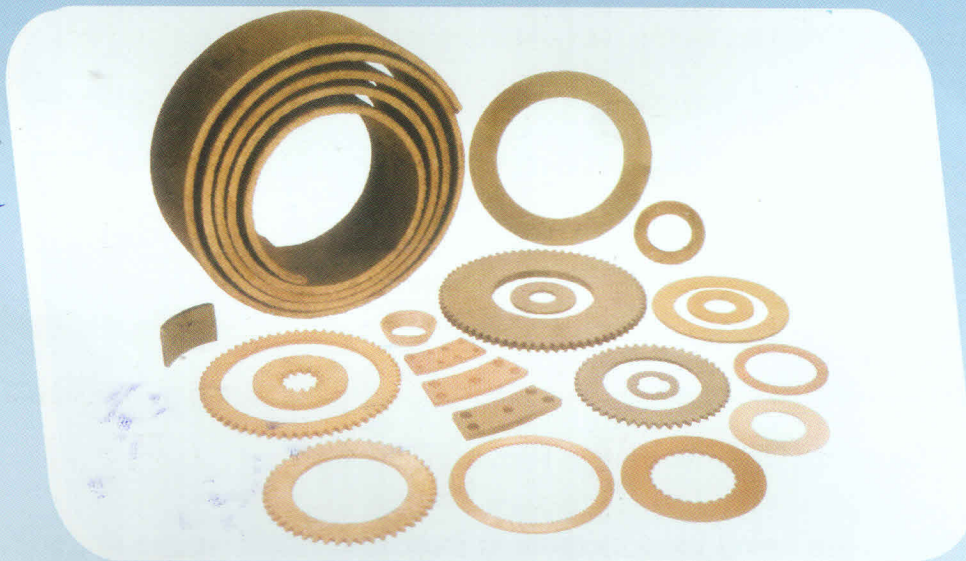

Application:

HMT – Milling Machines, Lathes, Drilling Machines, Grinding Machines
BFW – Milling Machines

Kirloskar/Herbert-Enterprise series, 1810, 2215, 1330, 1675 and others.
As per drawings or samples for imported and indigenous machines.

Roll Brake linings & Friction Materials

Types:

Asbestos based,
Non asbestos based,
Semi-Metallic,
Metallic, Wire Woven,
Graphitic.

Application:

Industrial Machinery,
Textile Machinery, Paper Industry,
Agricultural Equipments,
Packaging, Cranes & Hoists,
Earth Moving Equipments,
Process Houses, Others.
