## About Us

AN Global Services is a name that is widely praised for offering reliable compliance and approval services and high-grade industrial products. Our company is established as one of the most trusted manufacturers, traders, suppliers, and service providers in the market. And under the guidance of our mentor, Mr. Aayush Sharma, we have only grown by leaps and bounds to be well-known by a larger clientele nationwide. Our range of Heavy Duty PVC Pipes, Laser Soldering Machines, Electric Hoists, Gold Testing XRF Machines, and other products is in high demand for their sturdiness, ease of operation, lower maintenance, anti-corrosive bodies, and capability to function effectively under harsh industrial circumstances.

On the other hand, our services, including Solar Panel Certification Services, CRS Certification Registration Services, Pan India ISI Marking Services, NABL Certification Services, and more, are opted for their prompt and excellent execution. Our team of competent professionals sits with the customers, understands their requirements, and accordingly gives them valuable solutions. Meanwhile, any personal or important information shared by the customer is kept confidential by us.
