About Us

Catering to the diverse requirements of various industries, we, Shri Premolite Industries, are offering wide range of fiber glass cloth that plays an important role in the manufacturing of insulation, waterproofing mesh, self adhesive fiber glass mesh, fiber glass mats and insulation fiber glass tapes. Our aim is to witness an unprecedented growth rate in the domain with gradual expansion of our business activities in the world. We work hard for maintaining the highest quality of standards. This is the reason why we are serving a wide range of industries spread across the globe. We have gained huge recognition in the global market with our sincere business approach, due to which we are also rewarded with proud membership of Small Scale Industries.

We commenced our business operation in the 1992, under the dynamic leadership of Mr. Shree Prakash Gupta. His instructions have been instrumental for the success of our organization and due to his active policy of reviewing our unit regularly, there has been drastic improvement in the field related with production and quality management system. We are known as a renowned manufacturer, importer, export, supplier and trader of Fiber Glass Tape, Fibre Glass Cloth, Fiber Glass Mesh, Fiber Glass Filtration Mesh, Fiber Glass Mesh For Thermal Insulation, etc. Apart from this, we import Woven Roving, Fiber Glass Yarns and Fiber Glass Tissues from China, Taiwan, Europe and UK. Characterized by features like low margin of error in size, high concentricity, trim, and thickness, these products are made from premium quality raw material. Owing to the superior quality range of our products, we are meeting the varied needs of clients from South Asian countries.

We are based in Sahibabad, Uttar Pradesh, India and are a reputed manufacturer, importer, exporter, trader, supplier of high quality Fiber Glass Mesh, Fiber Glass Filtration Mesh, Fiber Glass Cloth, etc. Our company has a state-of-the-art infrastructure that spreads over a huge area. Moreover, we have equipped our production unit with the latest machinery that are known for their bulk output. All the functions of our company is carried out in a systematic way as we have an experienced team of professionals.
