About Us

Diamond Scaffolding Co. Pvt. Ltd. (DSCPL), a professional organization having office in Kolkata and factory at Howrah, has been fully oriented to cater to the needs of all Civil Engineering Organizations using all types of Steel Cuplock Scaffolding, Scaffolding Fittings, Steel Scaffoldings, Pressed Couplers. The manpower of the company are handled by a competent team of Engineers led by highly qualified and experienced professional Engineers supported by expert technical personnel chosen for their expertise and efficiency. As we believe the quality of Scaffoldings is the mainstay of our company's substantial growth, thereby we use top-grade of steel and other materials as well as advanced fabrication technology, above all complying with internationally accredited manufacturing principles and procedures

A Kolkata based company, we, Diamond Scaffolding Co. Pvt. Ltd., are a reputed Scaffolding Pipe Supplier, Exporter and Manufacturer. With 50% of products being exported, our emphasis remains on the quality-optimization and maintenance of scaffolding pipes and other range. The scaffolding pipe is designed in different lengths and contours for facilitating different sorts of connection to support scaffolding system or structures, therefore, the high-strength pipes offer multiple advantages over traditional bamboo scaffolding. Scaffolding Pipe fabricated by us reinforces our commitment to optimal quality and greater standards and we ensure the standards through bringing about enhancement and excellence in production methodologies as well as rigorous quality test of constituting material. We also offer Form-work System, Floor Form, U-Frame/H-Frame Scaffolding and similar products. Offered in various dimensions, our scaffolding pipe is generally made of hot dip galvanized steel. Apart from being light in weight, the product is corrosion resistant and it absorbs moisture and does not rot and corrode under any condition.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	Scaffolding & Shuttering Material, ie prop, span, cuplock.s,
No of Staff	25
Year of Establishment	1992
OEM Service Provided	No
Product Range	Scaffolding & Shuttering Material, ie prop, span, cuplock.s,

Our Products

Cuplock Bracing

Shuttering Plate

Socket Base And Universal Jack

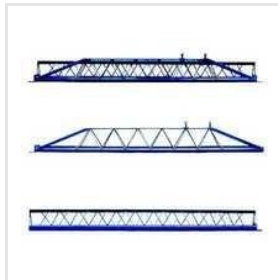

Ladder Access Transom L

Cuplock Omega Transom

Cuplock Scaffolding Systems

Adjustable Telescopic Span

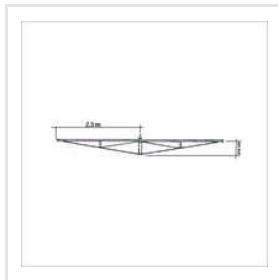

Cuplock Return Transom

Ledger - Horizontal Cuplock

Cuplock Intermediate Transom

Cuplock Bridging Horizontals

Hop-Up 1-2-3 Bracket

Cuplock Inside Board Transom

Cuplock Transom

Standard - Vertical Cuplock

Cuplock Cantilever Frame
