

METALLIZED & HOLOGRAPHIC PAPER / BOARDS

Everybody is fighting against pollution. To solve this problem we worked hard and introduced holographic and metalized paper, which we can use in labels, boxes, paper bags and gift wrap. It can be totally dissolve in to soil.

Product Overview

General properties

Easy printable
Excellent brightness
High mirror effect

Main applications

Label application,
Gift wrap
Cosmetic boxes, decorative labels and high security hologram labels.

Key features

High printability
As per customers design we can provide hologram paper
Alcohol resistance and excellent brightness makes it ideal for label application.

Technical information

Shades availability	- Available in a limited range of gold silver and other light shades
Resistance property	- Alcohol resistance, Moisture resistance Water resistance, Excellent UV resistance Excellent wet proof
Characteristics	- Eco-friendly paper, Excellent scratch proof High printability (High curing ink with UV curing system otherwise solvent base links), Food grade approved, Excellent mirror effect, No oxidation otherwise no black spots after labeling
Storage conditions	- Temperature 10 to 40 degree Celsius Humidity – 30 to 70% relative humidity
Toxicity	- Metalized paper holographic paper & boards is classed on Non-toxic meeting stringent legislation of numerous national and international industry standards including ICP Ms Method EN 1122 by ICP Ms ASTM – D 3421: 75
