About Us

Morvi Industries is a vibrant manufacturer and supplier of a wide range of Industrial Solvents, Compounds, and Chemicals. With quality and innovation impacting methodology, we have emerged as one of the leading players in the chemical trade. We pride ourselves that our products including GP Polyester Resin, Joseph Natural Rubbers Latex, Purified Terephthalic Acid Powder, Used Jumbo Bags, etc. stand with the finest quality terms of industry standards. Our diversified range of industrial chemicals, compounds, and solvents serve diversified industries of Plastics, Polyesters, Paints, Resins, FRP Materials, and many more. We always try to minimize our footprint through environmentally friendly processes and responsible sourcing of raw materials. Further, as a progressive enterprise, we continue to seek newer ways of innovating and developing its efforts within such dynamic fields as chemicals.

We can manufacture a wide range of materials, including Joseph Natural Rubbers Latex, GP Polyester Resin, Used Jumbo Bags, Purified Terephthalic Acid Powder, etc. in our state-of-the-art manufacturing facility. Infrastructure is modern, suitably equipped with advanced machinery and equipment, to maintain high-quality production with efficient processes. We apply advanced technologies in synthesizing, compounding, and molding of polymers to give them desired shape. We also regularly maintenance and upgrading mean the facility remains in the vanguard of the industry, thereby allowing it to continue providing the best to our clients.
