

ABSOLUTE ENCODERS

YOUR PARTNER IN ALL RIGHT
CHOICES.

90mA Linear Encoders, A Baumer Encoder, APFC Panel, Absolute Incremental Encoders, Absolute Multi-turn Encoders, Absolute Singleturn Encoders, Baumer Incremental Encoder, Baumer Incremental Encoder, CNC Panels, Digital Process Controllers, Digital Temperature Controllers, Dr Life Alkaline Water Purifier, Factory Panels, Fiber optic LWLA, Flameproof Panels, etc.

DR LIFE ALKALINE WATER PURIFIER ABSOLUTE MULTI-TURN ENCODERS

**ABSOLUTE INCREMENTAL
ENCODERS**

About Us

AM Control & Automation is committed to providing world-class technological superiority in water purification and industrial automation. As a manufacturer, trader, and supplier, the firm has always taken the approach of providing innovative and dependable solutions that support both quality of life and industrial effectiveness. From offering alkaline water filters that increase everyday well-being to detecting encoding mechanisms that guarantee accuracy in industry applications, the firm boasts of creating and supplying high-performance solutions designed for practical requirements. Every solution has been created with in-depth knowledge of operational requirements, allowing it to accomplish its performance goals while lowering long-term maintenance costs.

The varied product line comprises the DR Life alkaline water filter, absolute incremental encoders, absolute multi-turn encoders, baumer encoder, kubler encoder, kubler IP 67 inclinometer, gefran pressure transducer, nidec shimpo gear box, opkon linear scale, fiber optic LWLA, and APFC panel. These are not mere appliances but transformation instruments that assist industries to work with higher precision, consistency, and smarts. From small installations for confined spaces to plug-and-play systems for rapid set-up, all are designed to address current industry challenges with simplicity and confidence.

Key Facts

No of Staff	22
Year of Establishment	2014
OEM Service Provided	No

Our Products

**Opkon Slim Body
Spring Loaded Linear**

**Baumer Incremental
Encoder**

**Solid Shaft Incremental
Encoder**

**KIH50 Incremental
Encoders**

**Baumer Incremental
Encoder**

A Baumer Encoder

**Kubler Absolute
Encoder**

**Absolute Singleturn
Encoders**

**KIS50 Incremental
Encoders**

90mA Linear Encoders

**Kubler IP 67
Inclinometer**

**Gefran Pressure
Transducer**

Linear Scale

**Linear Potentiometers
Ruby Series**

**SLPS Connector Type
Linear Scale**

**Kubler HR 47 Hour
Meter**
