About Us

At Narayan Components, we take pride in being a trusted name in the field of precision engineering and high-quality components. Established in 2000 in Jamnagar, Gujarat, India, we have grown into a reputed Exporter and Manufacturer of a wide range of products that cater to diverse industries worldwide. With a commitment to quality, innovation, and customer satisfaction, we strive to deliver solutions that meet international standards and exceed expectations. We specialize in offering a comprehensive portfolio of premium products including CNC Turned Parts, Brass PPR Fittings, Brass Forging Parts, Brass Cable Gland and Brass Bathroom Fittings. Each product is carefully manufactured with attention to detail and tested for durability, performance, and reliability.

Quality is the cornerstone of our business philosophy. Every process is guided by strict quality control measures and international standards. From the selection of raw materials to the final dispatch, our products undergo rigorous testing to ensure unmatched performance and long service life. Our modern infrastructure and skilled workforce enable us to achieve consistent excellence in all our deliveries. Our customers are at the heart of everything we do. We understand the unique requirements of each client and provide customized solutions to match their needs. By combining timely deliveries, competitive pricing, and exceptional after-sales support, we ensure that our clients experience complete satisfaction. Our goal is to not just supply products but to build enduring partnerships based on trust and mutual growth.
