About Us

In every business where materials storage and handling are involved, workforce is at a higher risk of getting physical injuries. With an intention to reduce the risk of physical injuries at workplaces, Lift Mech Industries was formed. Mr. Sachin Panchal formed the company in 2016 with a belief to increase efficiency and reduce fatalities in business. His business expertise, progressive attitude and passion to make company attain huge success are the main reasons behind the company succeeding in its domain. Playing job roles of a manufacturer and exporter, we are bringing the best to customers in the form of quality assured Hydraulic Pallet Truck, Electric Floor Crane, Goods Lift, Goods Loading Lift, Scissor Lift Table, Battery Operated Paper Reel Stacker, Drum Lifter Cum Tilter and other material handling equipment.

Lift Mech Industries is an established name in the industry, known for serving an excellent array of material handling equipment that includes Industrial Stacker, SS Hydraulic Hand Pallet Truck, Manual Mobile Floor Crane and Hydraulic Goods Lift. With advanced technologies, we make aforesaid equipment in the best of design and strength. High performance is one of the main features of our entire collection. Taking customer convenience seriously, we indulge in timely shipping of orders from our location, i.e., Ahmedabad, Gujarat (India). Along with this, we focus on maintaining quality of products by giving delivery orders to our quality committed and reliable logistics partners.
