About Us

Tradebridge is a B2B platform that enables businesses to easily purchase wholesale agricultural products, specifically Dry fruits, spices, peanuts, seeds etc at competitive prices. Users can conveniently place orders from their home or office and receive direct doorstep delivery. The platform also offers a credit facility, allowing eligible businesses to access credit for their purchases and manage their cash flow effectively. Tradebridge aims to provide a seamless experience for B2B buyers in the agricultural sector by streamlining the procurement process and offering a wide range of high-quality agricultural products at the best market prices.

In the competitive marketplace, we are also trusted for our ethical way of working. The way we complete each task in a transparent, professional and fair manner has made us a clients favorite. We plan to constantly comply with the fair trade laws and ethical business policy in order to keep benefiting our valued customers.
