

Raghuvir®

Play Ground Equipments

SINCE : 1990

बच्चों का श्वर्ग

ABOUT US

We team of Shree Raghuvir Industries proudly introduce ourselves as one of the best and creative manufacturer of premium quality of playground equipment. Also we are known among one of the largest supplier and manufacturer of playground equipment. We manufacture equipments as per the best standards and specification which is good for the playground safety. We believe in manufacturing premium products with **DURABILITY AND SAFETY.**

Our product reflects our expertise and extract of our experience as we are in this field since 1990. We provide products with best **ECONOMY, STRENGTH AND DURABILITY.**

We have been serving happiness to the children, their parents and all our clients by providing safe and durable products. We also help in planning of the safe playground environment by providing playground layouts. So our team is ready to serve you and fulfil your visions and requirements of generating & spreading smiles on the faces of children. And help out children to experience **ADVENTURE, HAPPINESS AND JOY.**

WHY CHOOSE US?

A few reasons to choose us

- **We make children happy and smiling** with our creative and colorful products.
- **We are creative.** We craft conceptual playgrounds.
- **We are chosen by professionals.** See our client list.
- **We know importance of Playground.** We plan safe playground.
- **We are easy to work with.** We take our work seriously.
- **We focus on results.** For us it's all about children's safety and what adds value to you and for your business.

Our Vision:

“To develop children's relationship with the beautiful nature and experience the joy, adventure and happiness. To become the leading company in this sector”

Our Mission:

“To experience the joy of making children and their family happy by generating smiles on their faces and help them to stay fit and healthy”

Our Goal:

“To provide premium quality of products with best strength, economy and durability and satisfy our clients. To bring revolutionary change in this sector and become the leader in this sector.”

UrbanRamak™

Play & Inspire

UrbanRamak™

Play & Inspire

About UrbanRamak

UrbanRamak is a new range of play equipment developed by Shree Raghuvir Industries. It is crafted with expertise and extract of our experience in this field. Its conceptual approach helps to bring the children to playground in this digital world to develop various qualities as well as to make them fit. This Segment is attractive and its uniqueness will work as magnet to bring children to playground.

In this Platform the equipment is crafted in such a way that the children will get inspire to learn more about the concept while playing with the equipment. So, it's simple *"Play & Inspire"*. Go for it to make your vision possible of filling happiness and joy for children. Our team will be ready to help you to craft your vision of making children happy.

Why UrbanRamak ?

It's an approach to bring out the children to playground by its conceptual or theme-based aesthetic. We all know that the children are getting trapped in the **digital prison** of games and entertainment. And it has shown negative effects on children such as **obesity, irritating nature, eye problems**, etc. Also, the children love new themes and concepts to be around. So UrbanRamak is the perfect source to take them to ground and inspire.

The Reasons to go with UrbanRamak :

And Many more we can create together...

PLAYGROUND PLANNING TOOLS

NAMASTE,

A very warm regards from the team of Raghuvir. As the playground plays an important role in the development of the children, we are ready to help you to design your playground. Here are some of the planning tools which will help you to plan and design your own playground. There are few simple steps which will help and guide you to plan your playground.

Step 1. Define your visions for playground.

Get started by defining the objectives and requirements for your playground. Here are some questions to help you out....

1. What age group is going to utilize the play area?
2. How many children will be engaged in playground at once?
3. Do you want to add the additional amenities such as benches, waste bins, signboards, etc.?

Step 2. Site Analysis.

Analyse your site considering the different factors for the ground. The ground characteristic such as natural as well as manmade plays an important role for the play area. Our team will help you out to work out to the best. Here are some points to be answered....

1. Is the soil conditions and the slope are proper for the drainage of the ground?
2. Is there any existing vegetation that can be included in the design?
3. Where the playground is located? What are the nearby existing amenities such as parking walk paths, etc.?

Step 3. Design your play area.

You have defined your visions and did the analysis of the site, now it's time to entitle your budget and design the play area that is required by the community. Follow the questions as below...

1. Define the segments of the equipments you wanted to have such as seesaw, swings, slides, etc.?
2. Do you want to introduce the multiplay station to your ground?
3. Are you going to get expansion to play area for the future?
4. Wanted to add Dustbin, Garden Bench, Outdoor Fitness equipment etc. to your ground?

Step 4. Install your playground.

We have wide range of equipments to install. Select the ones and our team will be helping you out to install your playground.

Step 5. Experience, enjoy and maintain your playground.

Enjoy the happiness of the children by generating the smile on their faces. Do maintain your playground to make it durable and safe. Proper maintenance of the playground will help you to build a safe environment for children.

Play Notes

A large grid of small dots for taking notes, consisting of 20 columns and 30 rows of dots.

Note : Take down your requirements.
Scan this page and send it to our sales executive.

Our Standards
