**BRASS NON RETURN VALVE**

**BRASS FLARE ADAPTER**

**3-4 X 3-4 INCH NPT BRASS FLARE FEMALE ADAPTER**

## About Us

Harsha Metal Company is driven by a commitment to deliver precision-engineered components that redefine quality and reliability in the industrial and medical sectors. As a manufacturer, supplier of high-performance brass fittings and components, the company ensures each product meets stringent international standards. With a wide portfolio that includes brass male union, brass high pressure tube fitting, brass female connector, brass non return valve, polished brass flare adapter, plumbit hex double groove brass nut, brass hex nut, oxygen cylinder brass nut, hexagonal brass female adapter, and oxygen cylinder stainless steel nut, the focus remains on durability, safety, and performance.

Every component undergoes precision CNC machining to guarantee perfect fits and leak-proof sealing technology, making them compatible with multiple piping systems. Premium-grade brass alloys are used to enhance corrosion resistance and achieve high-pressure ratings that exceed industry expectations. The products are designed to withstand extreme temperatures from -20C to 200C, ensuring versatility across a broad range of applications, including oxygen-safe solutions for both medical and industrial use.
