## About Us

Products like Oil Press Machine, Disinfection Tunnel, Electric Control Panel, Khichiya Making Machine, Pizza Base Making Machine, Khaman Dhokla Steamer Machine, and more are widely used in various food making and other industries. These machines ease the work of humans, increase productivity, and remove any chances of human error. To cater to the market requirement for these products, our company, Capital Industries, was founded. We are known in the market as one of the most trusted manufacturers and suppliers of these items. Precisely manufactured using high-grade raw materials and high-tech machines, these products are known in the market for their high durability, corrosion-resistant surface, and efficiency.

We are also known as a trusted service provider, and the services we provide include Construction Fabrication Service. The experts who provide these services are highly efficient and make sure to complete every project within the stipulated time frame. We keep the price of these products and services as low as possible so that everyone can easily afford them.

Since our establishment in 2015, Capital Industries has been known in the market as one of the leading manufacturers and suppliers of industrial products such as Roller Conveyor, Dry Fruits Cutting Machine, Die Roller, Cutting Dies, Fafda Making Machine, and more. We also provide Construction Fabrication Service to our customers. Operating our business out of Ahmedabad, Gujarat, India, we have been delivering quality products to our customers for more than 7 years. In these years, we have gained a strong market presence owing to our ethical business policies. Customers trust us with their orders, and we do our best not to break their trust. Delivering quality products within the stipulated time frame is our forte. Going forward, we aim to expand our business dealings and continue providing our customers with high-grade products.
